

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mairead Gallen
DOCKET NO.: 24-33585.001-R-1
PARCEL NO.: 24-04-315-011-0000

The parties of record before the Property Tax Appeal Board are Mairead Gallen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,925
IMPR.: \$16,962
TOTAL: \$21,887

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,141 square feet of living area. The dwelling is approximately 78 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 7,035 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,120 to 1,274 square feet of living area. The dwellings range in age from 61 to 74 years old. Each comparable has a full basement, central air conditioning, and a 2-car garage. The

comparables have improvement assessments ranging from \$13,263 to \$17,250 or from \$11.84 to \$13.54 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,887. The subject property has an improvement assessment of \$16,962 or \$14.87 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story or 1.5-story, class 2-03 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,074 to 1,312 square feet of living area. The dwellings range in age from 72 to 78 years old. Each comparable has a full or partial basement. Two comparables each have central conditioning. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$17,092 to \$23,345 or from \$15.31 to \$17.85 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, as well as board of review comparables #3 and #4 which are each 1-story homes, in contrast to the 1.5-design of the subject. Further, the appellant's comparables #1, #2, and #3 are less similar to the subject in age than other comparables in this record.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are relatively similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. Board of review comparable #1 lacks central air conditioning and board of review comparable #2 lacks a garage amenity, respectively, both of which are features of the subject suggesting upward adjustments for these differences would be necessary to make them more equivalent to the subject. The best comparables have improvement assessments of \$19,120 and \$23,345 or \$15.66 and \$17.85 per square foot of living area. The subject property's improvement assessment of \$16,962 or \$14.87 per square foot of living falls below the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
