FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Zach Archer
DOCKET NO.: 24-33619.001-R-1
PARCEL NO.: 14-19-106-008-0000

The parties of record before the Property Tax Appeal Board are Zach Archer, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$76,880
IMPR.:	$76,000
TOTAL:	$152,880

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry exterior construction with 3,101 square feet of living area. The dwelling is approximately 135 years old. The home features a full basement with finished area,[1] 4 bathrooms, central air conditioning, a fireplace and a 2-car garage. The property has a 4,960 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity comparables located within the subject's assessment neighborhood and from 0.13 to 0.73 of a mile from the subject. The comparables consist of class 2-06 dwellings of masonry exterior

[1] The board of review disclosed the subject's basement has a finished area, which was not refuted by the appellant.

construction ranging in size from 3,032 to 3,208 square feet of living area. The dwellings are from 108 to 121 years old. Each comparable has a full basement, either 2, 2½ or 3 full bathrooms. The comparables have basements, either 2, 2½ or 3 bathrooms, and a 2-car garage. Three comparables have central air conditioning. The comparables have improvement assessments that range from $68,495 to $74,340 or from $21.35 to $24.33 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to $72,470 or $23.37 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $167,500. The subject property has an improvement assessment of $90,620 or $29.22 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within a different assessment neighborhood than the subject. The comparables consist of class 2-06 two-story dwellings of frame or masonry exterior construction ranging in size from 2,258 to 3,041 square feet of living area. The dwellings are from 114 or 116 years old. Each comparable has a full basement with two having finished area, 2½ or 3½ bathrooms, central air conditioning and a 2-car garage. One comparable has 2 fireplaces. The comparables have improvement assessments that range from $66,688 to $95,906 or from $29.53 to $36.00 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of eight equity comparables for the Board's consideration. The Board gives less weight to the board of review comparables due to differences in their locations and/or dwelling sizes when compared to the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables which are overall most similar to the subject in location, design, age, dwelling size, and some features. However, these comparables still require adjustments for differences in features to the subject, including but not limited to fewer number of bathrooms, plus the dwellings' lack of a basement finish, if any, central air conditioning and/or a fireplace, which are features of the subject. These five comparables have improvement assessments that range from $68,495 to $74,340 or from $21.35 to $24.33 per square foot of living area. The subject's improvement assessment of $90,620 or $29.22 per square foot of living falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
