

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Thady Construction LLC
DOCKET NO.: 24-33786.001-R-1
PARCEL NO.: 14-19-327-029-0000

The parties of record before the Property Tax Appeal Board are Thady Construction LLC, the appellant(s), by attorney Kevin P. Burke, of Smith Hemmesch Burke & Kaczynski in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,500
IMPR.: \$26,924
TOTAL: \$63,424

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consisted of a 1.5-story dwelling of frame construction with 1,471 square feet of living area. The dwelling was 137 years old. Features of the home included a full basement and a two-car garage. The property has a 3,125 square foot site and is located in Chicago, Lakeview Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance. The appellant disclose that this is not an owner-occupied residence.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing the subject property was purchased on May 29, 2024, for a price of \$634,425. The appellant submitted Section IV – Recent Sale Data – of the residential appeal form asserting that the property was not transferred between family members or related corporations, was sold using a relator, was advertised for sale on the multiple listing services for

a few months, was not sold due to a foreclosure action, and was not sold using a contract for deed. The appellant submitted a settlement statement, warranty deed, and PTAX-203 Illinois Real Estate Transfer Declaration. The appellant also asserts that the improvement was demolished and removed as of October 4, 2024, and submitted a demolition permit, a demolition/construction invoice, and undated photos of before/after demolition. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the absence of an improvement or the purchase price.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,000. The subject's assessment reflects a market value of \$730,000 or \$496.26 per square foot of living area, land included, when using the level of assessments for class two property of 10% under the Cook County Real Property Assessment Classification Ordinance.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales properties which sold from April 2022 to August 2024 for sales prices from \$868,000 to \$1,000,000 or from \$576.36 to \$773.62 per square foot of living area, land included in the sales prices. These properties were located within a ¼-mile radius of the subject. The improvements were from 124 to 130 years old and were from 1,228 to 1,520 in square feet of living area. The board of review asserts that the recent sale of the subject property was not an arm's length transaction and that the property was purchased as a "tear down." Based on this evidence the board of review requested confirmation of the subject's assessment.

The appellant submitted written rebuttal to the evidence offered by the board of review. The appellant asserts that the recent sale of the subject property is the best evidence of market value and that the board of review's evidence is insufficient to overcome the proof established by the appellant.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds the best evidence of market value to be the purchase of the subject property in May 2024 for a price of \$634,245. The appellant provided evidence demonstrating the sale had the elements of an arm's length transaction. The appellant completed Section IV - Recent Sale Data of the appeal disclosing the parties to the transaction were not related, the property was sold using a realtor, the property had been advertised on the open market with the multiple listing services, and it had been on the market for "a few" months. In further support of the transaction the appellant submitted a copy of the settlement statement and the PTAX-203 Illinois Real Estate Transfer Declaration. The Board finds the purchase price is below the market value reflected by the assessment. The Board finds the board of review did not present any evidence to challenge the arm's length nature of the transaction or sufficient evidence to refute the contention that the

purchase price was reflective of market value. While the appellant submitted evidence of the demolition of the improvement the Board finds that this evidence is inconclusive as to when the demolition actually occurred. Based on this record the Board finds the subject property had a market value of \$634,245 as of January 1, 2024. Since market value has been determined the level of assessments for class two property under the Cook County Real Property Assessment Classification Ordinance of 10% shall apply. 86 Ill.Admin.Code §1910.50(c)(2)

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
