Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a three-unit residential condominium. The dwelling is 18 years old. The property has a 2,907 square foot site located in Lake View Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales. The appellant stated that each of the comparables contains two-bedrooms. They ranged in sale price from $247,000 to $275,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $138,490. The subject's assessment reflects a market value of

$1,384,900, including land, when applying the 2024 level of assessment for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10%. In support of its contention of the correct assessment the board of review submitted a condominium sales analysis based on the sale of unit -1002 which has a 28.45% ownership interest in the condominium as a whole and sold in March 2022 for a price of $420,000. Based on this sale, the subject's full market value is $1,476,274.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be the board of review's sales analysis. Less weight was given to the appellant's comparable sales as the appellant did not include the comparables' size, association dues, quality, or condition. Thes board of review's sales analysis which indicates the subject's market value is $1,476,274. The subject's current market value of $1,384,900 is below this amount. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
