Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an eight-unit residential condominium. The dwelling is 23 years old. The property has a 6,000 square foot site located in Lake View Township, Cook County. The subject is classified as a class 2-99 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant's appeal is based on overvaluation. In support of this argument the appellant submitted evidence disclosing four units in the subject property were recently purchased. The appellant extrapolated these sales into a full market value for the subject of $4,624,045. Based on this evidence, the appellant requested a reduction in the subject's assessment to reflect the recent purchase prices.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $513,783. The subject's assessment reflects a market value of $5,137,830, land included, when using the 2024 level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. In support of this argument the board submitted the same four recent sales as the appellant. However, unlike the appellant's analysis, the board's analysis did not contain a deduction for personal property from each of the recently sold units. The board extrapolated these sales into a full market value for the subject of $5,137,826.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value in the record to be the sales analysis submitted by the board of review. The subject's assessment reflects a market value of $5,137,826, or an assessment of $513,783 when using the 2024 level of assessment for class 2 property of 10% under the Cook County Real Property Assessment Classification Ordinance. This is the same amount as the subject's current assessment. Based on this record the Board finds the subject's assessment is reflective of market value and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
