

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jay Bradarich
DOCKET NO.: 24-34042.001-R-1
PARCEL NO.: 22-28-105-069-0000

The parties of record before the Property Tax Appeal Board are Jay Bradarich, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,874
IMPR.: \$22,034
TOTAL: \$31,908

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of frame exterior construction with 1,087 square feet of living area. The dwelling is approximately 38 years old. Features of the home include a partial basement, central air conditioning, 2 bathrooms and a 2-car garage. The property has a 15,190 square foot site and is located in Lemont, Lemont Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and within .4 of a mile from the subject. The comparables are composed of class 2-34 split-level dwellings of frame or frame and masonry exterior construction, ranging in size from 1,008 to 1,434 square feet of living area.

The homes are approximately 35 to 49 years old. Each property has a partial basement, 1 or 2 full bathrooms, with two comparables having an additional 1 half bathroom, and a 2-car garage. Three dwellings each feature central air conditioning, and one home includes a fireplace. The comparables have improvement assessments that range from \$15,963 to \$23,396 or from \$15.02 to \$19.84 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$18,066 or \$16.62 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$31,908. The subject property has an improvement assessment of \$22,034 or \$20.27 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are composed of class 2-34 multi-level dwellings of frame and masonry or frame exterior construction ranging in size from 1,001 to 1,359 square feet of living area. The homes are approximately 32 to 40 years old. Each property has a partial basement, 1 or 2 full and 1 half bathrooms, and a 2-car garage. Two dwellings feature both central air conditioning and a fireplace. The comparables have improvement assessments that range from \$25,995 to \$30,767 or \$22.07 to \$25.97 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to appellant's comparables #1 and #3, and the board of review's comparables #1 and #4 which differ significantly from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #2 and #4 and the board of review's comparables #2 and #3 which are more similar to the subject in dwelling size, age, basement size, garage size and features. However, the comparables have varying degrees of similarity to the subject in other features, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments that range from \$15,963 to \$26,995 or from \$15.29 to \$25.97 per square foot of living area. The subject's improvement assessment of \$22,034 or \$20.27 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering appropriate adjustments to the best comparables for

differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
