

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Venkat Maligireddy  
DOCKET NO.: 24-34114.001-R-1  
PARCEL NO.: 02-22-312-023-0000

The parties of record before the Property Tax Appeal Board are Venkat Maligireddy, the appellant, by attorney Andreas Mamalakis, of the Law Offices of Andreas Mamalakis in Kenosha; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$10,800  
**IMPR.:** \$28,678  
**TOTAL:** \$39,478

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame exterior construction with 2,520 square feet of living area. The dwelling is approximately 26 years old. Features of the home include a full basement, central air conditioning, a fireplace and a 2-car garage. The property has a 9,000 square foot site and is located in Palatine, Palatine Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five comparables located within the subject's assessment neighborhood and within 0.24 of a mile from the subject. The comparables consist of class 2-78, 2-story dwellings of frame exterior construction ranging in size from 2,276 to 2,833 square feet of living area. The dwellings are 27 to 46 years old.

Each comparable has a partial or a full basement, central air conditioning, 1 or 2 fireplaces and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$25,000 to \$31,340 or from \$10.31 to \$12.37 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$45,198. The subject property has an improvement assessment of \$34,398 or \$13.65 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile of the subject. The comparables consist of class 2-04, 2-07 or 2-78, 2-story dwellings of frame or masonry exterior construction containing 1,807 to 3,318 square feet of living area. The dwellings are 23 or 49 years old. Each comparable has a partial or a full basement, a fireplace and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$25,688 to \$51,952 or from \$14.26 to \$15.66 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of nine equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3, #4 and #5 as well as the board of review's comparables which are significantly less similar to the subject in age and/or dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2 which are overall most similar to the subject in location, design, age, dwelling size and some features. These two comparables have improvement assessments of \$25,000 and \$29,014 or \$10.31 to \$11.06 per square foot of living area, respectively. The improvement assessment of \$34,398 or \$13.65 per square foot of living area falls above the two best comparables in this record. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment commensurate with the appellant's request is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
