

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Turnquest
DOCKET NO.: 24-34132.001-R-1
PARCEL NO.: 01-01-213-024-0000

The parties of record before the Property Tax Appeal Board are William Turnquest, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,875
IMPR.: \$41,021
TOTAL: \$47,896

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,378 square feet of living area. The dwelling is approximately 68 years old. Features of the home include a full basement, central air conditioning, two fireplaces, and a 2-car garage. The property has a 6,875 square foot site and is located in Barrington, Barrington Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with regard to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located in the subject's assessment neighborhood and within .44 of a mile of the subject. The comparables consist of 1-story or 1.5-story class 2-06 dwellings of frame exterior construction ranging in size from 2,260 to 2,432 square feet of living area. The homes range in

age from 64 to 128 years old. Each dwelling has central air conditioning, a full or partial basement, and 2-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$27,350 to \$39,386 or from \$11.25 to \$16.76 per square foot of living area. Based on this evidence, the appellant requested a reduced improvement assessment of \$32,745 or \$13.77 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$47,896. The subject property has an improvement assessment of \$41,021 or \$17.25 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and within .25 of a mile of the subject. The comparables consist of 2-story class 2-06 dwellings of frame exterior construction ranging in size from 2,278 to 2,578 square feet of living area. The homes range from 70 to 86 years old. Each dwelling has central air conditioning, a fireplace, a full or partial basement, and a 1-car to 3-car garage. The comparables have improvement assessments ranging from \$46,500 to \$60,500 or from \$18.96 to \$26.56 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill. Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill. Admin. Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight equity comparables to support their respective positions before the Property Tax Appeal Board. The Board has given reduced weight to the appellant's comparables #2 and #4, as well as the board of review's comparables #2 and #3, which differ from the subject in age. The Board finds the parties' remaining comparables are similar to the subject in age, location, dwelling size, and features. These comparables have improvement assessments ranging from \$27,350 to \$60,500 or from \$11.25 to \$26.56 per square foot of living area. The subject's improvement assessment of \$41,021 or \$17.25 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
