FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Donald Nehrke
DOCKET NO.: 24-34365.001-R-1
PARCEL NO.: 14-19-324-023-0000

The parties of record before the Property Tax Appeal Board are Donald Nehrke, the appellant, by attorney Abby L. Strauss, of Schiller Law P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$70,999
IMPR.:	$71,001
TOTAL:	$142,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 3,087 square feet of living area. The dwelling is approximately 111 years old. Features include a full basement with finished area,[1] central air conditioning, and a 2-car garage. The property has a 7,250 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on three equity comparables located within the subject's assessment neighborhood and from 0.57 of a mile to 1.46 miles from the subject property. The comparables are improved with 2-story, class 2-06

[1] The board of review disclosed the subject has basement finished area, which was unrefuted by the appellant.

dwellings of masonry exterior construction ranging in size from 3,128 to 3,280 square feet of living area. The dwellings are from 98 to 120 years old. The comparables each have a full basement; however, no data was provided by the appellant concerning finished basement area. Two comparables each have central air conditioning and a 2-car garage. The comparables have improvement assessments ranging from $63,811 to $72,340 or from $20.40 to $22.05 per square foot of living area. Based on this evidence, the appellants requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $142,000. The subject property has an improvement assessment of $71,001 or $23.00 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story dwellings of frame or masonry exterior construction ranging in size from 2,607 to 2,938 square feet of living area. The dwellings are from 116 to 122 years old. Each comparable has a full basement with finished area and central air conditioning. Two comparables each have a 2-car garage. The comparables have improvement assessments that range from $74,430 to $89,500 or from $26.14 to $30.86 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

In rebuttal, the appellant's counsel pointed out the difference in exterior construction type between the subject property and the board of review comparable #1.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted six suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which were not reported to have basement finish, like the subject. The Board also gives less weight to board of review comparable #2 which is a substantially smaller home than the subject. The two remaining comparables have improvement assessments of $76,800 and $89,500 or $26.14 and $30.86 per square foot of living area, respectively. The subject's improvement assessment of $71,001 or $23.00 per square foot of living area falls below the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
