

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Debra Lunn
DOCKET NO.: 24-34683.001-R-1
PARCEL NO.: 24-05-109-023-0000

The parties of record before the Property Tax Appeal Board are Debra Lunn, the appellant, by Brian S. Maher, attorney-at-law of Weis, DuBrock, Doody & Maher in Chicago, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$5,782
IMPR.: \$28,400
TOTAL: \$34,182

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of frame construction containing 3,121 square feet of living area. The dwelling is approximately 70 years old. Features of the property include a crawl space foundation, central air conditioning, one fireplace, 3½ bathrooms, and a 2-car garage. The property has a 10,057 square foot site located in Oak Lawn, Worth Township, Cook County. The subject is a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant indicated the subject property is an owner-occupied residence and contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables consisting of class 2-06 properties improved with two-story dwellings of frame or frame and masonry exterior construction that range in size from 2,990 to 3,415 square feet of living area. The homes are 67

to 77 years old. Two comparables have slab foundations and one comparable has a crawl space foundation. Two comparables have central air conditioning, one comparable has one fireplace, and two comparables each have a two-car garage. One comparable has 1½ bathrooms, one comparable has 2 bathrooms, and one comparable has 2½ bathrooms. The comparables have the same neighborhood code as the subject property. Their improvement assessments range from \$20,476 to \$31,790 or from \$6.85 to \$9.31 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$26,154.

The appellant submitted a copy of the final decision issued by the board of review disclosing the total assessment for the subject property of \$35,245.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the improvement assessment for the subject of \$29,463 or \$9.44 per square foot of living area. The board of review also disclosed the first year of the general assessment period for the subject property was 2023. The board of review further indicated that no township equalization factor was applied by Cook County assessment officials for the 2024 tax year.

In support of its contention of the correct assessment the board of review completed the comparable sales/assessment equity grid analysis using four properties; however, comparables #1 and #2 are duplicates. The comparables are composed of class 2-06 properties improved with two-story dwellings of frame or frame and masonry exterior construction that range in size from 2,236 to 2,700 square feet of living area and are 64 to 73 years old. One comparable has a crawl space foundation and two comparables have slab foundations. One comparable has central air conditioning. The comparables have two or three bathrooms, and a 1-car, 1.5-car or 2-car garage. The comparables have the same neighborhood code as the subject and are located ¼ of a mile from the subject. The comparables have improvement assessments ranging from \$23,513 to \$30,178 or from \$10.39 to \$11.18 per square foot of living area.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds a reduction in the subject's assessment is appropriate.

Initially, the Board finds section 1910.90(i) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code 1910.90(i)) provides:

The Property Tax Appeal Board may take official notice of decisions it has rendered, matters within its specialized knowledge and expertise, and all matters of which the Circuit Courts of this State may take judicial notice.

Pursuant to Section 1910.90(i) the Property Tax Appeal Board takes notice that the subject property was the subject matter of an appeal before this Board for the 2023 assessment year under Docket No. 23-55089.001-R-1 in which the Board determined the assessment of the subject property should be reduced to \$34,182.

The Board further finds that section 16-185 of the Property Tax Code (35 ILCS 200/16-185) states in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The record disclosed that the subject property is an owner-occupied dwelling. As previously stated, the Board takes notice that in Docket No. 23-55089.001-R-1 it issued a decision reducing the assessment of the subject property to \$34,182. The Board further finds that 2023 and 2024 are within the same general assessment period. The record contains no evidence indicating the subject property sold in an arm's length transaction establishing a fair cash value that is different from the fair cash value on which the Board's decision for the 2023 tax year was based.¹ Additionally, the record disclosed that no township equalization factor was applied for the 2024 tax year by Cook County assessment officials. For these reasons and pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185), the Property Tax Appeal Board finds that a reduction in the subject's assessment is warranted to reflect the assessment as established in the Board's decision for the 2023 tax year.

¹ The decisions for the 2023 and 2024 tax years for the subject property are being issued contemporaneously by the Property Tax Appeal Board.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
