

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lorelei Witt
DOCKET NO.: 24-34939.001-R-1
PARCEL NO.: 24-09-105-030-0000

The parties of record before the Property Tax Appeal Board are Lorelei Witt, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,690
IMPR.: \$57,762
TOTAL: \$61,452

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story multi-family building of masonry exterior construction with 5,736 square feet of building area. The building is approximately 28 years old. Features of the building include a slab foundation, 9 full bathrooms, 1 half bathroom, central air conditioning and a 4-car garage. The property has a 6,150 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables, two of which are located within the subject's assessment neighborhood. The comparables are located from 0.08 of a mile to 1.6 miles from the subject. The comparables are improved with 2 or more story, class 2-11, multi-family buildings of masonry exterior construction ranging in size from 5,982 to 6,435 square feet of building area. The buildings

range in age from 51 to 59 years old. Each comparable has a slab foundation, 6 full bathrooms, and central air conditioning. The comparables have improvement assessments ranging from \$52,100 to \$57,313 or from \$8.60 to \$8.97 per square foot of building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$61,452. The subject property has an improvement assessment of \$57,762 or \$10.07 per square foot of building area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables¹ located in the subject's assessment neighborhood and on the same block or ¼ of a mile from the subject. The comparables are improved with 3-story, class 2-11, multi-family buildings of masonry exterior construction ranging in size from 4,344 to 5,688 square feet of building area. The buildings range in age from 27 to 29 years old. Each comparable has a slab foundation, 5 or 10 full bathrooms, central air conditioning, and from a 1-car to a 4-car garage. The comparables have improvement assessments ranging from \$52,310 to \$59,310 or from \$10.42 to \$12.04 per square foot of building/living area. The board of review asserted the assessed values per square foot for the submitted comparables support the subject's assessed value as equitable.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables which are substantially older homes than the subject and lack a garage amenity, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the three board of review comparables which are overall more similar to the subject in location, design/class, dwelling size, and many other features. The best comparables have improvement assessments ranging from \$52,310 to \$59,310 or from \$10.42 to \$12.04 per square foot of building area. The subject's improvement assessment of \$57,762 or \$10.07 per square foot of living area falls within the range established by the best comparables in this record on an overall improvement assessment basis and below the range on a per square foot basis. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ Comparables #2 and #3 have the same physical address and property characteristics; thus, based on the property index numbers represent a multi-parcel property.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
