FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Jonathan Rosenband and Melissa Briskman
DOCKET NO.: 24-34972.001-R-1
PARCEL NO.: 14-19-300-026-0000

The parties of record before the Property Tax Appeal Board are Jonathan Rosenband and Melissa Briskman, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$52,497
IMPR.:	$52,503
TOTAL:	$105,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,152 square feet of living area. The dwelling is approximately 116 years old. Features of the home include a basement, 2½ bathrooms, central air conditioning, and a 2-car garage. The property has a 3,720 square foot site located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on six comparables located within the same assessment neighborhood as the subject property and within 0.60 of a mile from the subject. The comparables consist of class 2-05, 2-story dwellings of masonry exterior construction ranging in size from 2,044 to 2,137 square feet of living area. The homes

are 84 to 113 years old. Each comparable has a basement and either 2 or 2½ bathrooms. Four comparables each have a 2-car garage. The comparables have improvement assessments ranging from $46,502 to $52,002 or from $22.75 to $24.33 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to $50,669 or $23.55 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of $105,000. The subject property has an improvement assessment of $52,503 or $24.40 per square foot of living area. The board of review did not provide any evidence in support of the subject's correct assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the only evidence of assessment equity to be the six comparables submitted by the appellant. Nevertheless, the Board gives less weight to the appellant's comparable #3 due to its considerable newer in age than the subject dwelling. The Board gives more weight to the appellant's remaining comparables which are relatively similar to the subject in location, design, age and dwelling size. However, these comparables are inferior to the subject given the upward adjustments that are required for a lack of central air conditioning and/or a garage amenity, and three of the comparables fewer number of bathrooms when compared to the subject. The comparables have improvement assessments ranging from $46,502 to $52,002 or from $22.75 to $24.33 per square foot of living area. The subject's improvement assessment of $52,503 or $24.40 per square foot of living area falls somewhat above the range established by the appellant's best comparables, which appears to be logical given the subject's superior features. After considering the adjustments to these comparables for differences from the subject property, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
