

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ino Han
DOCKET NO.: 24-35290.001-R-1
PARCEL NO.: 02-28-403-026-0000

The parties of record before the Property Tax Appeal Board are Ino Han, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,112
IMPR.: \$31,471
TOTAL: \$42,583

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of masonry construction with 1,996 square feet of living area. The dwelling is approximately sixty-four years old. Features of the home include a full basement, central air conditioning and one and a half bathrooms. The property is located in Hyde Park, Hyde Park Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on nine equity comparables. Each of the equity comparables are two -story of masonry construction. The dwelling is approximately sixty-four years old. The appellant comparables are all listed as the same age as the subject property. Features of the subject home include a full basement, central air conditioning and one and a half bathrooms. The appellant's nine comparables have virtually identical specifications in size,

features and location. They all provide 1,676 square feet of living area and their improvement assessment range from \$52,710 to \$53,801 or \$31.45 to \$32.10 per square foot of living area. Each of the nine appellant comparables are within .13 miles distance to the subject property. The appellant is requesting a reduction in total assessment to \$75,096.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$88,000. The subject property has an improvement assessment of \$76,257 or \$38.20 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Each of the appellant comparables are two-story of masonry construction. They are all the same age, share the same square footage and are located on the same block as each other and the subject property. They all share the same improvement assessment of \$76,580 and assessment per square foot of \$38.37. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *board of review comparables one through four*. These comparables each had improvement assessments of \$76,257. The subject's improvement assessment of \$38.20 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
