

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nicholas Wright
DOCKET NO.: 24-35332.001-R-1
PARCEL NO.: 14-19-210-032-0000

The parties of record before the Property Tax Appeal Board are Nicholas Wright, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$35,499
IMPR.: \$35,501
TOTAL: \$71,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,664 square feet of living area. The home was built in 1896 and is approximately 128 years old. Features include a full basement. The property has a 4,687 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with two or more story, class 2-05 dwellings of frame exterior construction ranging in size from 1,344 to 2,151 square feet of living area. The homes are 121 to 139 years old. Three comparables each have a full or partial basement and one comparable has a slab foundation.

Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$27,100 to \$42,150 or from \$19.19 to \$20.49 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,000. The subject property has an improvement assessment of \$35,501 or \$21.33 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-05 dwellings of frame exterior construction ranging in size from 1,712 to 1,802 square feet of living area. The homes are 125 to 132 years old. Each comparable has a full basement and a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$40,501 to \$46,500 or from \$23.66 to \$26.71 per square foot of living area. The board of review asserts the assessed values per square foot for the submitted comparables support the subject's assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in dwelling size than the comparables presented by the board of review.

The Board finds the best evidence of assessment equity to be the board of review comparables which are overall most similar to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in garage amenity and other features. Each comparable features a garage, which the subject lacks, suggesting appropriate downward adjustments would be necessary to make them more equivalent to the subject. The comparables have improvement assessments ranging from \$40,501 to \$46,500 or from \$23.66 to \$26.71 per square foot of living area. The subject's improvement assessment of \$35,501 or \$21.33 per square foot of living area falls below the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
