

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chris Drane
DOCKET NO.: 24-35339.001-R-1
PARCEL NO.: 14-30-202-041-0000

The parties of record before the Property Tax Appeal Board are Chris Drane, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$24,289
IMPR.: \$46,712
TOTAL: \$71,001

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 3-story townhome of masonry exterior construction with 2,329 square feet of living area. The dwelling was built in 2005 and is approximately 19 years old. Features include a slab foundation, central air conditioning, one fireplace, and a 2-car garage. The property has a 1,567 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and from 167 feet to 1 mile from the subject property. Two comparables are on the same block and street as the subject property. The comparables are improved with class 2-95 townhomes of masonry exterior

construction ranging in size from 2,178 to 2,295 square feet of living area. The comparables are 19 to 28 years old. Each comparable has a slab foundation and central air conditioning. Two comparables each have one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$37,434 to \$42,814 or from \$17.19 to \$18.66 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$71,001. The subject property has an improvement assessment of \$46,712 or \$20.06 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables¹ located within the same assessment neighborhood and on the same block and street as the subject property. The comparables are improved with 3-story townhomes of masonry exterior construction with each having 2,325 square feet of living area. The homes are each 20 years old. Each comparable has a slab foundation, central air conditioning, one fireplace, and a 2-car garage. The comparables have improvement assessments of either \$52,323 or \$53,175 and \$22.50 or \$22.87 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 which are located 1 mile from the subject, less proximate than the other comparables in this record, and/or lack a garage amenity, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3 and #4, as well as the three board of review comparables, which are overall most similar to the subject in location, classification, age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$41,419 to \$53,175 or from \$18.05 to \$22.87 per square foot of living area. The subject's improvement assessment of \$46,712 or \$20.06 per square foot of living area falls with the range established by the best comparables in this record. Based on the evidence in this record, the Board finds the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

¹ Board of review comparable #1 is the subject property.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
