FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Peter Sarantopoulos
DOCKET NO.: 24-35367.001-R-1
PARCEL NO.: 02-21-223-013-0000

The parties of record before the Property Tax Appeal Board are Peter Sarantopoulos, the appellant(s), by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$7,128
IMPR.:	$47,872
TOTAL:	$55,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of $550,000 as of *01/01/2022.*
The subject property consists of a two-story dwelling of masonry construction with 3,933 square feet of living area. The dwelling is approximately twenty-two years old. Features of the home include a full basement, central air conditioning, a fireplace and a three-car garage. The property has a 11,800 square foot site and is in Palatine, Illinois, Palatine Township, Cook County. The property is a class 2 property under the Cook County Real Property Assessment Classification Ordinance.
The appellant's appraisal was prepared by a certified appraiser utilizing a comparable sales approach. The appraiser arrived at the above market value based on the sale of three comparable property sales that ranged in distance to the subject property from 2.18 miles to 3.18 miles. The

appraiser adjusted the sales data to account for variance between the subject and the comparable properties. After applying the adjustments, the appraiser opined that the subject's market value as of 01/01/2022 of $550,000.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $68,101. The subject's assessment reflects a market value of $681,010 or $173.15 per square foot of living area, including land, when applying the level of assessments for class 2 property under the Cook County Real Property Assessment Classification Ordinance of 10% as determined by the Illinois Department of Revenue.

The board of review did not file an appraisal. In support of its contention of the correct assessment the board of review submitted information on four suggested equity comparable properties. The sales data provided by the board of review was presented in a grid form that did not allow for adjustment between the comparables and subject property. The sales occurred between January 2022 and November 2022 for amounts ranging from $635,00 to $920,000 or $205.38 to $250.41 per square foot of living area. Land included in the sales price. The board of view comparable properties are each within one-quarter mile of the subject property. The board of review is asking for no change in assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant *met* this burden of proof and a reduction in the subject's assessment *is* warranted.

The Board finds the best evidence of market value to be *the appraisal submitted by the app ellant.* The certified appraiser utilized the sales comparison approach relying on three recent sales of comparable properties that were adjusted to account for differences between them and and the subject property, considering variance in gross living area, features, lot size, age and location. The subject's assessment reflects market value above the best evidence in the record. The Board finds the subject property had a market value of $550,000 as of the assessment date at issue. Based on this evidence the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
