

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Brandon Gorson
DOCKET NO.: 24-35437.001-R-1
PARCEL NO.: 14-19-208-015-0000

The parties of record before the Property Tax Appeal Board are Brandon Gorson, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,499
IMPR.: \$39,156
TOTAL: \$79,655

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,513 square feet of living area. The home was built in 1996 and is approximately 28 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 2,904 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-07 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are located from 0.3 of a mile to 1.9 miles from the subject property. The comparables are improved with class 2-07 dwellings of frame exterior construction ranging in size from 1,880 to 1,956 square

feet of living area. The homes are from 25 to 35 years old. Each comparable has a full or partial basement, central air conditioning, and a 2-car garage. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$42,150 to \$48,563 or from \$21.95 to \$25.00 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,655. The subject property has an improvement assessment of \$39,156 or \$25.88 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables, two of which are located within the subject's assessment neighborhood. Three comparables were disclosed to be located in the subject's subarea and the proximity of comparable #4 was not disclosed. The comparables are improved with 2-story, class 2-07 dwellings of frame or masonry exterior construction ranging in size from 1,512 to 1,944 square feet of living area. The homes are 26 or 27 years old. Each comparable has a full basement with finished area and a 2-car garage. Three comparables each have central air conditioning. Two comparables have two or four fireplaces. The comparables have improvement assessments ranging from \$48,563 to \$56,963 or from \$27.26 to \$32.12 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. None of the parties' comparables are truly similar to the subject in location and/or dwelling size. These comparables also have other property characteristics with varying degrees of similarity to the subject. Nevertheless, the parties' comparables have improvement assessments ranging from \$42,150 to \$56,963 or from \$21.95 to \$32.12 per square foot of living area. The Board finds board of review comparable #2 to be most similar to the subject in age and dwelling size with an improvement assessment of \$48,563 or \$32.12 per square foot of living area. The subject's improvement assessment of \$39,156 or \$25.88 per square foot of living area falls within the range established by the comparables in this record and below the improvement assessment of the most similar comparable in dwelling size in this record. Based on the equity evidence in this record and considering the differences presented by the comparables when compared to the subject, the Board finds the appellant did not demonstrate that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
