

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jeremy Pullen
DOCKET NO.: 24-35443.001-R-1
PARCEL NO.: 14-06-220-071-0000

The parties of record before the Property Tax Appeal Board are Jeremy Pullen, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,363
IMPR.: \$60,637
TOTAL: \$80,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,552 square feet of living area. The dwelling was built in 2005 and is approximately 19 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 3,123 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction with each having 2,889 square feet of living area. The homes are either 24 or 25 years old. Each comparable has

a slab foundation, central air conditioning, one or two fireplaces, and a 2-car garage. The comparables each have an improvement assessment of \$55,168 or \$19.10 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$48,743.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$80,000. The subject property has an improvement assessment of \$60,637 or \$23.76 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of frame exterior construction ranging in size from 2,378 to 2,543 square feet of living area. The homes range in age from 6 to 11 years old. Each comparable has a full or partial basement, three of which have finished area, and central air conditioning. Two comparables each have one fireplace and a 2-car garage. The comparables have improvement assessments ranging from \$68,367 to \$99,453 or from \$26.88 to \$39.45 per square foot of living area. The board of review asserts the assessed values per square foot for the submitted comparables support the subject's assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar in dwelling size than the other comparables in this record and lack a basement, which is a feature of the subject. The Board also gives less weight to board of review comparables #3 and #4 which are substantially newer homes than the subject.

The Board finds the best evidence of assessment equity to be the board of review comparables #1 and #2 which are overall more similar to the subject in location, design/class, age, dwelling size, and foundation type. However, the best comparables lack a garage amenity, a feature of the subject, which would require upward adjustments for this difference to make them more equivalent to the subject. These comparables have improvement assessments of \$68,367 and \$71,890 or \$26.88 and \$28.47 per square foot of living area. The subject's improvement assessment of \$60,637 or \$23.76 per square foot of living area falls below the two best comparables in this record. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
