

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Maurice Sullivan
DOCKET NO.: 24-35599.001-R-1
PARCEL NO.: 22-21-409-026-0000

The parties of record before the Property Tax Appeal Board are Maurice Sullivan, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,949
IMPR.: \$40,599
TOTAL: \$49,548

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 2,563 square feet of living area.¹ The dwelling is approximately 26 years old. Features of the home include a full basement, central air conditioning, one fireplace and a 2-car garage. The property has a 13,767 square foot site and is located in Lemont, Lemont Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five equity

comparables located within the subject's assessment neighborhood. The comparables are composed of class 2-04 1-story or 1.5-story dwellings of frame, masonry or frame and masonry exterior construction, ranging in size from 2,663 to 3,719 square feet of living area. The homes are approximately 23 to 35 years old. Each property has a basement, one or two fireplaces, central air conditioning and a 2.5-car to 4-car. The comparables have improvement assessments that range from \$24,166 to \$31,500 or from \$8.33 to \$9.37 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$21,811 or \$8.51 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,548. The subject property has an improvement assessment of \$40,599 or \$15.84 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables, three of which are located within the subject's assessment neighborhood code, two within the subarea and one located one-quarter of a mile from subject. The comparables are composed of class 2-04 1.5-story dwellings of masonry or frame and masonry exterior construction ranging in size from 2,317 to 3,005 square feet of living area. The comparables are approximately 24 to 36 years old. Each comparable has a basement, central air conditioning, and a 2-car garage. The comparables have improvement assessments that range from \$36,725 to \$49,765 or \$15.85 to \$18.20 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine equity comparables to support their respective positions before the Property Tax Appeal Board. The Board gives reduced weight to appellant's comparables and the board of review's comparable #2 and #4 which differ significantly from the subject in dwelling size, design style and/or neighborhood assessment code location.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #3 which are more similar to the subject in dwelling size, age, basement foundation and design. These comparables have improvement assessments of \$49,660 and \$49,765 or \$18.20 and \$17.08 per square foot of living area, respectively. The subject's improvement assessment of \$40,599 or \$15.84 per square foot of living area falls below the best comparables in the record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and

convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
