

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: John O'Laughlin
DOCKET NO.: 24-35626.001-R-1
PARCEL NO.: 14-08-302-007-0000

The parties of record before the Property Tax Appeal Board are John O'Laughlin, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,457
IMPR.: \$42,543
TOTAL: \$83,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of stucco exterior construction with 3,696 square feet of gross building area. The building was built in 1901 and is approximately 123 years old. The building features a full basement and a 2.5-car garage. The property has a 4,066 square foot site and is located in Chicago, Lake View Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-11 multi-family buildings of masonry or frame and masonry exterior construction ranging in size from 3,338 to 4,107 square feet of gross building area. The

buildings are from 119 to 126 years old. Each comparable has a full basement, two of which are finished with an apartment or a family room. One comparable has two fireplaces and a 2-car garage. The comparables have improvement assessments ranging from \$36,503 to \$37,936 or from \$9.11 to \$10.94 per square foot of gross building area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$83,000. The subject property has an improvement assessment of \$42,543 or \$11.51 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story or 3-story, class 2-11 multi-family buildings of masonry exterior construction ranging in size from 2,798 to 3,762 square feet of gross building area. The buildings are from 110 to 136 years old. Each comparable has a full basement, two of which are finished with either an apartment or a formal recreation room. Two comparables each have central air conditioning. Three comparables each have a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$41,607 to \$51,382 or from \$12.39 to \$18.23 per square foot of gross building area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4, as well as board of review comparables #1, #2, and #4, which feature finished basement and/or central air conditioning, unlike the subject. Further, board of review comparable #1 is a substantially smaller home than the subject.

The Board finds the best evidence of assessment equity to be the parties' three remaining comparables which are overall more similar to the subject in location, classification, age, gross building size, and some features. The best comparables have improvement assessments ranging from \$37,003 to \$49,494 or from \$9.11 to \$13.16 per square foot of gross building area. The subject's improvement assessment of \$42,543 or \$11.51 per square foot of gross building area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
