FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: BLAZE HUNTER, LLC
DOCKET NO.: 24-35710.001-R-1
PARCEL NO.: 14-28-103-013-0000

The parties of record before the Property Tax Appeal Board are BLAZE HUNTER, LLC, the appellant(s), by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$48,360
IMPR.:	$138,450
TOTAL:	$186,810

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of an approximately 124-year-old, three-story, multi-family dwelling of masonry construction with 7,071 square feet of living area. Features of the home include a full basement and a two-and-a-half-car garage. The property has a 3,900 square foot site and is located in Chicago, Lakeview Township, Cook County. The subject is classified as a Class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant asserts assessment inequity as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 6,102 to 7,822 square feet of living area and ranged in age from 104 to 112 years old. The appellant reported that the suggested comparables each had the same neighborhood code as the subject property and were located between 417 feet and a half mile from the subject property. The

appellant's comparables each had a full basement and three of them had a garage. The comparables have improvement assessments ranging from $18.35 to $19.58 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's total assessment to $184,477.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject as $204,000. The subject property has an improvement assessment of $155,640 or $22.01 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on four equity comparables with varying degrees of similarity to the subject property. The suggested comparable properties ranged in size from 5,571 to 6,397 square feet of living area and ranged in age from 97 to 131 years old. The board of review reported that three of the suggested comparables had the same neighborhood code as the subject property, that two of the suggested comparables were located within a quarter mile of the subject property, and proximity for two of the comparables was not provided. Three of the comparables were Class 2-09 single-family residences and one was a Class 2-11 multi-family residence. Each suggested comparable had a full basement and at least two fireplaces. Two of the comparables had central air conditioning and two had a garage. The comparables have improvement assessments ranging from $23.04 to $29.46 per square foot of living area. Based on this evidence, the board of review requested that the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The Board finds that the best evidence of assessment equity is the appellant's suggested comparables #1, #2, and #4. Like the subject property, each of these comparables has a multi-family dwelling of masonry construction with a full basement and a garage. The dwellings on these comparables are similar to the subject dwelling in age and living area size. These comparables are all in the same neighborhood as the subject and are within a half mile of the subject property. In comparison, appellant's comparable #3 and the board of review's comparables #1, #2, and #3 were afforded less weight than the best evidence because they were not as similar to the subject property in living area size. The board of review comparables #3 and #4 were afforded less weight because they were of unknown proximity to the subject and did not have a garage.

The best comparables have improvement assessments that range from $18.35 to $19.58 per square foot of living area. The subject's improvement assessment of $22.01 per square foot of living area is above the range established by the best comparables in this record. After considering these comparables for differences when compared to the subject, the Board finds the subject's improvement assessment is not supported. Based on this record, the Board therefore

finds that the appellant did demonstrate with clear and convincing evidence that the subject was inequitably assessed, and a reduction in the subject's assessment on this basis is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
