

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Louise Pascarella
DOCKET NO.: 24-36030.001-R-1
PARCEL NO.: 14-19-206-031-0000

The parties of record before the Property Tax Appeal Board are Louise Pascarella, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,038
IMPR.: \$24,494
TOTAL: \$54,532

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame construction with 1,440 square feet of living area. The dwelling is multifamily which is approximately one hundred and twenty-eight years old. Features of the home include a full basement, two bedrooms and a fireplace. The property is in Chicago, Lakeview Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables. Each of the appellant comparables are multifamily of frame construction. They are all, generally the same age, two story, feature two bathrooms and have a garage suitable for one or two cars. They range in size from 1,520 to 1,696 square feet of living area; and in improvement assessment from \$23,500 to \$36,500 or \$14.45 to \$21.83 per square foot of living space. The appellant comparables range

from one block to four blocks away from the subject property. The appellant is requesting a reduction in total assessment to \$50,858.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$54,532, the appellant filing misstates the total assessment placing it at \$57,000. The subject property has an improvement assessment of \$22,032 or \$15.30 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Each of the board of review comparables are two story of frame construction. They each feature full basements, two to four bedrooms, two to two and a half bathrooms and a two or two and a half car garage. They range in size from 1,350 to 1,658 square feet of living area; and in improvement assessment from \$22,000 to \$34,002 or \$15.37 to \$20.51 per square foot of living space. The board of review comparables range in distance from the same block to a quarter miles distance to the subject property. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *met/did not meet* this burden of proof and a reduction in the subject's assessment *is/is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables one and board of review comparables one through four*. These comparables most favored the subject property by virtue of their size, features and location. They had improvement assessments that ranged from \$15.37 to \$20.51 per square foot of living area. The subject's improvement assessment of \$15.30 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
