

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Randal Greenman  
DOCKET NO.: 24-36304.001-R-1  
PARCEL NO.: 14-06-408-007-0000

The parties of record before the Property Tax Appeal Board are Randal Greenman, the appellant(s); and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$39,499  
**IMPR.:** \$39,501  
**TOTAL:** \$79,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of an approximately 136-year-old two-story dwelling with 1,920 square feet of living area of frame construction. Features of the home include a partial basement, a fireplace, and a two-car garage. The property has a 4,800 square foot site and is located in Chicago, Lakeview Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales. The comparables have the same are located 0.3 miles to 0.9 miles away. The comparables are 120- to 132-year-old class 2-05 two-story residences with frame construction. The comparables were sold between March 2023 and September 2024 for sale prices between \$464,000 and \$698,000. The comparables have sale prices per square foot between \$269.18 and \$350.38. The appellant is requesting a total

assessment of \$67,215. The appellant provided additional rebuttal evidence that included additional argument regarding characteristics of comparables.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$79,000. The subject's assessment reflects a market value of \$790,000 or \$411.46 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparable sales. The board of review did not state the distance of these comparables to the subject, but indicated they are located in the same neighborhood. The comparables are 112- to 143-year-old two-story residences with frame construction or masonry construction. The comparables were sold between November 2022 and September 2023 for sale prices between \$720,000 and \$1,275,000. The comparables have sale prices per square foot between \$372.67 and \$616.54. The board of review is requesting that the current assessment be confirmed.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The Board finds the best evidence of market value to be appellant's comparable sale #3 and board of review's comparable sales #1 and #2. As for comparables that are not best evidence, appellant's comparable sales #1, #2, and #4 are smaller or larger than the subject property. Board of review's comparable sales #3 and #4 are smaller than the subject property. These comparables sold for prices ranging from \$294.00 to \$616.54 per square foot of living area, including land. The subject's assessment reflects a market value of \$411.46 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
