

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Demas Enterprises, LLC
DOCKET NO.: 24-36349.001-R-1
PARCEL NO.: 24-09-221-022-0000

The parties of record before the Property Tax Appeal Board are Demas Enterprises, LLC, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,720
IMPR.: \$22,280
TOTAL: \$26,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,693 square feet of living area. The dwelling is approximately 84 years old. Features include a full basement, central air conditioning, one fireplace, and a 1-car garage. The property has a 6,200 square foot site and is located in Oak Lawn, Worth Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,025 to 1,634 square feet of living area. The dwellings range in age from 69 to 77 years old. One comparable has a full basement and four comparables have

either a slab or crawl space foundation. Three comparables each have central air conditioning. Each comparable has one fireplace. Four comparables each have from a 1-car to a 2.5-car garage. The comparables have improvement assessments ranging from \$12,974 to \$20,103 or from \$12.28 to \$12.84 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$26,000. The subject property has an improvement assessment of \$22,280 or \$13.16 per square foot of gross building area. In support of its contention of the correct assessment, the board of review submitted information on four suggested equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1.5-story, class 2-03 dwellings of masonry exterior construction ranging in size from 1,593 to 1,618 square feet of living area. The dwellings range in range from 84 to 86 years old. The comparables each have a full basement, two of which have finished area. Three comparables each have central air conditioning. Each comparable has a 2-car garage. The comparables have improvement assessments ranging from \$22,963 to \$25,652 or from \$14.21 to \$15.85 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are each a 1-story dwelling, in contrast to the subject's 1.5-story design. Further, the appellant's comparables present two or more additional differences from the subject, including but not limited to, in age, dwelling size, foundation type, central air conditioning, and/or garage amenity. The Board also gives less weight to the board of review comparables #1 and #4 which have basement finish, unlike the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #2 and #3 which are most similar to the subject in design/class, age, dwelling size, and other features. The two best comparables have improvement assessments of \$24,578 and \$24,598 or \$15.38 and \$15.44 per square foot of living area. The subject property's improvement assessment of \$22,280 or \$13.16 per square foot of living area falls below the two best comparables in this record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
