

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Andrew Turcich
DOCKET NO.: 24-36451.001-R-1
PARCEL NO.: 23-06-103-006-0000

The parties of record before the Property Tax Appeal Board are Andrew Turcich, the appellant, by attorney Kelly J. Keeling, of KBC Law Group in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,024
IMPR.: \$39,137
TOTAL: \$67,161

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,168 square feet of living area. The dwelling is approximately 24 years old. The home features a full basement that is finished with a recreation room,¹ 3½ bathrooms, central air conditioning, two fireplaces and a three-car garage. The property has a 21,557 square foot site and is located in Willow Springs, Lyons Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables that have the same property classification code as the subject and three comparables

¹ The board of review disclosed the subject dwelling has a full basement finished with a recreation room, which was not refuted by the appellant.

have the assessment neighborhood code. The comparables are located from .2 of a mile to 4.9 miles from the subject. The comparables are improved with 2-story dwellings of frame exterior construction ranging in size from 3,059 to 3,218 square feet of living area. The dwellings are 21 or 28 years old. The comparables each have a full basement, central air conditioning, 2½ or 3½ bathrooms, one or two fireplaces and a 3-car garage. The comparables have improvement assessments that range from \$34,000 to \$36,760 or from \$11.03 to \$11.60 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$67,161. The subject property has an improvement assessment of \$39,137 or \$12.35 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located on the same block as the subject or ¼ of a mile from the subject and are improved with 2-story dwellings of frame exterior construction, each containing 3,168 square feet of living area. The dwellings are 24 or 26 years old. The comparables each have a full basement, one of which is finished with a formal recreation room. Each comparable has central air conditioning, 2 ½ or 3½ bathrooms, one or two fireplaces, and a 3-car garage. The comparables have improvement assessments that range from \$48,424 to \$55,565 or from \$15.29 to \$17.54 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #3 due to their distant locations being from 4.7 to 4.9 miles from the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and the board of review comparables which overall are more similar to the subject in age, dwelling size and most features. These comparables have improvement assessments ranging from \$36,760 to \$55,565 or from \$11.60 to \$17.54 per square foot of living area. The subject's improvement assessment of \$39,137 or \$12.35 per square foot of living area falls within the range established by the best comparables in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant

did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
