

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alan Spencer
DOCKET NO.: 24-37342.001-R-1
PARCEL NO.: 04-11-207-015-0000

The parties of record before the Property Tax Appeal Board are Alan Spencer, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,125
IMPR.: \$22,027
TOTAL: \$30,152

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of frame and masonry exterior construction with 1,108 square feet of living area. The dwelling was built in 1960 and is approximately 64 years old. Features include a partial basement with finished area, central air conditioning, and a 1-car garage. The property has a 6,250 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,139 to 1,192 square feet of living area. The homes are 69 or 70 years old.

Each comparable has a partial basement and central air conditioning. Three comparables each have a 1-car or a 2.5-car garage. The comparables have improvement assessments ranging from \$17,569 to \$22,318 or from \$14.99 to \$19.49 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$30,152. The subject property has an improvement assessment of \$22,027 or \$19.88 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood. The comparables are improved with class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,168 to 1,189 square feet of living area. The homes are 70 or 71 years old. Each comparable has a partial basement with finished area. Two comparables each have central air conditioning. Three comparables each have a 1-car garage. The comparables have improvement assessments ranging from \$25,522 to \$28,609 or from \$21.85 to \$24.41 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3, as well as board of review comparables #1 and #2, which lack central air conditioning and/or a garage amenity, both of which are features of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #4, as well as board of review comparables #3 and #4, which are overall more similar to the subject in location, design/class, age, dwelling size, and other features. The best comparables have improvement assessments ranging from \$17,569 to \$25,905 or from \$14.99 to \$22.18 square foot of living area. The subject's improvement assessment of \$22,027 or \$19.88 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
