

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: James & Karen Swinehart
DOCKET NO.: 24-37363.001-R-1
PARCEL NO.: 15-31-403-009-0000

The parties of record before the Property Tax Appeal Board are James & Karen Swinehart, the appellants, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$8,610
IMPR.: \$64,390
TOTAL: \$73,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,623 square feet of living area. The dwelling is approximately 124 years old. Features of the home include a basement, central air conditioning, and a 2.5-car garage. The property has an 8,400 square foot site and is located in Western Springs, Proviso Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellants contend assessment inequity regarding the improvement as the basis of the appeal. In support of this argument the appellants submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes ranging in size from 2,343 to 2,856 square feet of living area that are from 66 to 136 years old. Three homes have a basement and one home has a

crawl space foundation. One home has central air conditioning. Each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$52,944 to \$61,701 or from \$20.37 to \$23.65 per square foot of living area. Based on this evidence, the appellants requested a reduction in the subject's improvement assessment to \$58,729.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,000. The subject property has an improvement assessment of \$64,390 or \$24.55 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject, one of which is on the same block as the subject and one of which is 0.25 of a mile from the subject. The comparables are improved with 2-story homes ranging in size from 2,717 to 3,048 square feet of living area that are from 70 to 96 years old. Each home has a basement and a 1-car or a 2-car garage. Two homes have central air conditioning. The comparables have improvement assessments ranging from \$68,530 to \$76,390 or from \$24.57 to \$25.38 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayers contend assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight equity comparables for the Board's consideration. The Board gives less weight to the appellants' comparables #2 and #3 and the board of review's comparables #1 and #3, due to substantial differences from the subject in age and/or dwelling size.

The Board finds the best evidence of assessment equity to be the appellants' comparables #1 and #4 and the board of review's comparables #2 and #4, which are more similar to the subject in dwelling size, age, location, and some features, although these comparables each have a smaller garage than the subject and three comparables lack central air conditioning that is a feature of the subject, suggesting upward adjustments to these comparables for these features would be needed to make them more equivalent to the subject. These comparables have improvement assessments that range from \$58,184 to \$72,433 or from \$20.37 to \$24.66 per square foot of living area. The subject's improvement assessment of \$64,390 or \$24.55 per square foot of living area falls within the range established by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellants did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
