

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vassilka Todorova
DOCKET NO.: 24-37380.001-R-1
PARCEL NO.: 04-26-404-020-0000

The parties of record before the Property Tax Appeal Board are Vassilka Todorova, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,320
IMPR.: \$39,680
TOTAL: \$59,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a multi-level dwelling of masonry exterior construction with 1,690 square feet of living area. The dwelling is approximately 64 years old. The home features a partial basement with finished area, central air conditioning, a fireplace and a 2½-car garage. The property has a 13,800 square foot site and is located in Glenview, Northfield, Cook County. The subject is classified as a class 2-34 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four comparables that are located within the subject's assessment neighborhood and from 0.1 of a mile to 1.2 miles from the subject. The comparables consist of class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,633 to 2,016 square feet of living area. The

dwellings are from 56 to 64 years old. The dwellings each have a partial basement with “N/A” reported for the finished basement area. Each comparable has central air conditioning, three comparables each have a fireplace, and three comparables have either a 1½-car or a 2-car garage. The comparables have improvement assessments ranging from \$33,127 to \$40,419 or from \$19.34 to \$21.99 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject’s improvement assessment to \$35,068 or \$20.75 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$59,000. The subject property has an improvement assessment of \$39,680 or \$23.48 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four comparables that are located within the subject’s assessment neighborhood and within the subject’s subarea or approximately ¼ of a mile from the subject. The comparables consist of class 2-34, multi-level dwellings of frame and masonry exterior construction ranging in size from 1,321 to 2,034 square feet of living area. The dwellings are 61 to 70 years old. Each comparable has a partial basement with finished area, central air conditioning and either a 1-car, a 2-car or a 2½-car garage. Three comparables each have 1 or 2 fireplaces. The comparables have improvement assessments that range from \$33,610 to \$52,411 or from \$25.44 to \$27.86 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject’s assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight equity comparables for the Board’s consideration. The Board gives less weight to the appellant’s comparables #1, #2 and #4 as well as the board of review’s comparables #1, #3 and #4 due to differences from the subject in their dwelling size, lack of a garage and/or more distant location of over a mile from the subject property.

The Board finds the best evidence of assessment equity to be the appellant’s comparable #3 and the board of review’s comparable #2 which are overall most similar to the subject in location, design, dwelling size, age and/or other features. These two comparables have improvement assessments of \$40,419 and \$44,578 or \$21.39 and \$27.86 per square foot of living area, respectively. The subject's improvement assessment of \$39,680 or \$23.48 per square foot of living area falls below the improvement assessments of the two best comparables in the record on an overall basis and is bracketed by these two comparables on a per-square-foot basis. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's

improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
