

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Henry Lin
DOCKET NO.: 24-37634.001-R-1
PARCEL NO.: 04-11-302-008-0000

The parties of record before the Property Tax Appeal Board are Henry Lin, the appellant, by attorney Dora Cornelio, of Schmidt Salzman & Moran, Ltd. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,923
IMPR.: \$79,077
TOTAL: \$131,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 6,265 square feet of living area. The home is approximately 65 years old. Features include a basement, central air conditioning, two fireplaces, and a 3-car garage. The property has a 64,904 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on five equity comparables, four of which are located in the subject's assessment neighborhood code. The comparables are improved with 1-story or 1.5-story, class 2-04 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 3,998 to 8,202 square feet of living area. The homes range in age from 41 to 87 years old. Four comparables each have a full

basement and one comparable has a slab foundation. Each comparable has central air conditioning, from one to four fireplaces, and from a 2-car to a 3-car garage. The comparables have improvement assessments ranging from \$31,500 to \$87,751 or from \$7.23 to \$11.91 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$131,000. The subject property has an improvement assessment of \$79,077 or \$12.62 per square foot of living area. In support of its contention of the correct assessment, the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story dwellings of masonry or frame and masonry exterior construction ranging in size from 4,449 to 4,785 square feet of living area. The homes range in age from 48 to 72 years old. Each comparable has a partial basement, central air conditioning, one or two fireplaces, and a 3-car garage. The comparables have improvement assessments ranging from \$76,516 to \$79,902 or from \$16.41 to \$17.25 per square foot of living area. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration, each of which has varying degrees of similarity to the subject in property characteristics. Nevertheless, the Board gives less weight to the appellant's comparables #1, #2, #3 and #5 as well as board of review comparable #1 which are less similar to the subject in age and/or dwelling size. Further, the appellant's comparable #2 is located in a different assessment neighborhood than the subject and the appellant's comparable #5 has a dissimilar 1.5-story design, when compared to the subject's 1-story design, and lacks a basement foundation, which the subject features.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 as well as board of review comparables #2 and #3 which are relatively similar to the subject in location, design/class, and age with varying degrees of similarity in dwelling size and other features. These comparables have improvement assessments ranging from \$76,516 to \$87,751 or from \$11.23 to \$17.25 per square foot of living area. The subject's total improvement assessment of \$79,077 or \$12.62 per square foot of living area falls within the range established by the best comparables in this record. After considering the adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
