

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mabel Janke
DOCKET NO.: 24-37636.001-R-1
PARCEL NO.: 04-10-201-066-0000

The parties of record before the Property Tax Appeal Board are Mabel Janke, the appellant, by attorney Jeremy Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,833
IMPR.: \$48,725
TOTAL: \$64,558

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 2,435 square feet of living area. The home was built in 1964 and is approximately 60 years old. Features include a partial basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 12,179 square foot site and is located in Northbrook, Northfield Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,398 to 2,789 square feet of living area. The homes are 56 to 62 years old. Each

comparable has a partial basement, central air conditioning, one fireplace, and from a 1.5-car to a 3-car garage. The comparables have improvement assessments ranging from \$45,222 to \$53,911 or from \$18.86 to \$19.33 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$64,558. The subject property has an improvement assessment of \$48,725 or \$20.01 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of frame and masonry exterior construction ranging in size from 2,352 to 2,848 square feet of living area. The homes are 31 to 63 years old. Each comparable has a full or partial basement, two of which have finished area, one fireplace, and a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from \$50,183 to \$57,975 or from \$20.36 to \$22.28 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4, as well as board of review comparable #2, which are less similar to the subject in dwelling size and/or age than the other comparables in this record. The Board also gives less weight to board of review comparables #3 and #4 which lack central air conditioning, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2, as well as board of review comparable #1, which are overall more similar to the subject in location, design/class, age, dwelling size, and other features. The comparables have improvement assessments ranging from \$45,222 to \$52,400 or from \$18.86 to \$22.28 per square foot of living area. The subject's improvement assessment of \$48,725 or \$20.01 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
