

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rupal Girish
DOCKET NO.: 24-38135.001-R-1
PARCEL NO.: 27-22-309-016-0000

The parties of record before the Property Tax Appeal Board are Rupal Girish, the appellant(s), by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,658
IMPR.: \$33,570
TOTAL: \$38,228

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 2,250 square feet of living area. The dwelling is approximately twenty-five years old. Features of the home include a full basement, central air conditioning, a fireplace, two and a half bathrooms and a two-car garage. The property is in Orland Park, Orland Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on six equity comparables. Each of the appellant comparables are two-story of frame and masonry construction. They all feature full basements, central air conditioning, one fireplace and two and a half bathrooms. Five of the six have two-car garages, one has two and a half car garage. They range in size from 2,304 to 2,236 square feet of

living area; and in improvement assessment from \$27,541 to \$34,633 or \$12.24 to \$13.29 per square foot of living area. The board comparables range from .2 to .5 miles distance from the subject property. The appellant is asking for a reduction to \$32,940 in total assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$38,228. The subject property has an improvement assessment of \$33,570 or \$14.92 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables. Each of the board comparables are two-story constructed of frame and masonry material. They each have full basements, central air conditioning, a fireplace, two and a half bathrooms and a two-car garage. They range from 2,236 to 2,250 square feet of living area; and in improvement assessment from \$34,298 to \$35,019 or \$15.34 to \$15.56 per square foot of living area. Each of the board of review comparables are on the same block as the subject property. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *appellant's comparables one and two as well as board of review comparables one through four*. These comparables best represent the subject property by virtue of their age, size, location and features. They had improvement assessments that ranged from \$12.24 to \$15.36 per square foot of living area. The subject's improvement assessment of \$14.92 per square foot of living area falls within the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
