

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Benjamin Pratt
DOCKET NO.: 24-38170.001-R-1
PARCEL NO.: 03-30-420-017-0000

The parties of record before the Property Tax Appeal Board are Benjamin Pratt, the appellant, by attorney Kyle Gordon Kamego, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$10,098
IMPR.: \$83,902
TOTAL: \$94,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 3,766 square feet of living area. The dwelling is approximately 5 years old. Features of the home include a full basement, central air conditioning, a fireplace and a 3-car garage. The property has a 10,098 square foot site and is located in Arlington Heights, Wheeling Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood and from 75 feet to 2 miles from the subject. One comparable is located along the same street as the subject. The comparables consist of class 2-78 dwellings of frame or frame and masonry exterior construction ranging in

size from 3,146 to 3,369 square feet of living area. The dwellings are 3 to 8 years old. Each comparable has a full basement, central air conditioning, a fireplace and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$59,541 to \$73,183 or from \$18.92 to \$21.90 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$94,000. The subject property has an improvement assessment of \$83,902 or \$22.28 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three comparables located within the same assessment neighborhood as the subject. The board of review did not disclose the comparables proximity to the subject. The comparables consist of class 2-78, 2-story dwellings of frame exterior construction ranging in size from 3,040 to 3,500 square feet of living area. The dwellings are 3 to 10 years old. Each comparable has a full basement, central air conditioning, a fireplace and either a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$69,920 to \$87,477 or from \$23.00 to \$26.54 per square foot of living area. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven equity comparables for the Board's consideration, all of which are located within the subject's assessment neighborhood and have varying degrees of similarity to the subject in age, dwelling size and/or other features. Nevertheless, the Board gives less weight to the appellant's comparables #1 and #4 as well as the board of review's comparable #3 which are less similar to the subject in dwelling size than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the parties' remaining comparables which are overall most similar to the subject in age, dwelling size and/or other features. These four comparables have improvement assessments ranging from \$68,300 to \$87,477 or from \$20.27 to \$26.54 per square foot of living area. The subject's improvement assessment of \$83,902 or \$22.28 per square foot of living area falls within the range established by the four comparables most similar to the subject in dwelling size. After considering adjustments to these four comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that the properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
