

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bienvenido Alfon
DOCKET NO.: 24-38606.001-R-1
PARCEL NO.: 04-21-413-005-0000

The parties of record before the Property Tax Appeal Board are Bienvenido Alfon, the appellant, by Robert Rosenfeld, attorney-at-law of Robert H. Rosenfeld & Associates, LLC in Northbrook, and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$14,560
IMPR.: \$44,382
TOTAL: \$58,942

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a site with 10,400 square feet of land area improved with a two-story dwelling of frame and masonry exterior construction containing 2,672 square feet of living area. The dwelling is approximately 37 years old. Features of the property include an unfinished full basement, central air conditioning, one fireplace, 2½ bathrooms and a 2-car garage. The property is in Glenview, Northfield Township, Cook County. The subject is a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables consisting of class 2-78 properties improved with two-story dwellings of frame and masonry exterior construction that range in size from 2,314 to 2,800 square feet of living area and are 53 to 56 years old. Each comparable has a full basement, central air conditioning, one

fireplace, 2½ bathrooms and a 2-car garage. The comparables have the same neighborhood code as the subject property and are located from .4 to .6 of a mile from the subject property. Their improvement assessments range from \$32,581 to \$40,656 or from \$14.08 to \$14.52 per square foot of living area. The appellant requested the subject's improvement assessment be reduced to \$38,023.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$58,942. The subject property has an improvement assessment of \$44,382 or \$16.61 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on four equity comparables consisting of class 2-78 properties improved with two-story dwellings of frame and masonry exterior construction that range in size from 2,565 to 2,807 square feet of living area and are 37 to 41 years old. Each property has an unfinished full basement, central air conditioning, one fireplace, 2½ bathrooms, and a 2-car garage. The comparables have the same neighborhood code as the subject and are in the same assessment block or ¼ of a mile from the subject property. Comparables #1, #2 and #4 are located along the same street as the subject property. The comparables have improvement assessments ranging from \$46,986 to \$50,133 or from \$17.61 to \$19.04 per square foot of living area. The board of review contends the building assessed value per square foot for the comparables are the same or higher than the subject, which supports the assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on eight equity comparables with the same classification code and neighborhood code as the subject property to support their respective positions. The comparables are similar to the subject in style, exterior construction and features. The Board finds, however, the best evidence of assessment equity to be the comparables submitted by the board of review that are more like the subject in location, age and/or size than the comparables provided by the appellant. The board of review comparables have improvement assessments that range from \$46,986 to \$50,133 or from \$17.61 to \$19.04 per square foot of living area. The subject's improvement assessment of \$44,382 or \$16.61 per square foot of living area falls below the range as established by the best comparables in this record. Based on this record the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
