FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Joseph R Boreman
DOCKET NO.: 24-38862.001-R-1
PARCEL NO.: 19-19-105-046-0000

The parties of record before the Property Tax Appeal Board are Joseph R Boreman, the appellant, by attorney Sami Kashkeesh, of Kashkeesh Law in Orland Park; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$5,124
IMPR.:	$20,876
TOTAL:	$26,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 984 square feet of living area. The dwelling is approximately 64 years old. Features of the home include a full basement and a 2-car garage. The property has a 3,660 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood and from 0.78 of a mile to 2.28 miles from the subject property. The comparables consist of class 2-02, 1-story dwellings of masonry or frame and masonry exterior construction ranging in size from 741 to 966 square feet of living area. The dwellings are 70 to 80 years old. Each comparable has a full basement and from a

1-car to a 2-car garage. Two comparables each have central air conditioning. The comparables have improvement assessments ranging from $11,604 to $14,828 or from $15.07 to $17.30 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject property of $26,000. The subject property has an improvement assessment of $20,876 or $21.22 per square foot of living area. The board of review indicated the appellant's comparables are over a mile away from the subject property.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the same assessment neighborhood and block as the subject. The comparables consist of class 2-02, 1-story dwellings of masonry or frame and masonry exterior construction each containing 984 square feet of living area. The dwellings are 59 to 65 years old. Each comparable has a full basement and a 2-car garage. Three comparables each have central air conditioning. The comparables have improvement assessments ranging from $20,876 to $22,876 or from $21.22 to $23.25 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparables which are less similar to the subject in location, age, and dwelling size than the board of review's comparables. The appellant's comparables #2, #3 and #4 are located from 1.43 to 2.28 miles from the subject property.

The Board finds the best evidence of assessment equity to be the board of review's comparables that are located within the same assessment neighborhood and block as the subject and are most similar and/or identical to the subject in age, dwelling size and some features. The best comparables have improvement assessments ranging from $20,876 to $22,876 or from $21.22 to $23.25 per square foot of living area. The subject's improvement assessment of $20,876 or $21.22 per square foot of living area falls at the lower limit of the value range of the best comparables in the record. After considering adjustments to the best comparables for differences from the subject, the Board a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
