

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Danielle Tangorra  
DOCKET NO.: 24-39236.001-R-1  
PARCEL NO.: 03-08-313-046-0000

The parties of record before the Property Tax Appeal Board (PTAB) are Danielle Tangorra, the appellant, by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **No Change** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

**LAND:** \$9,625  
**IMPR.:** \$22,546  
**TOTAL:** \$32,171

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1,220 square feet, multi-level building of frame-and-masonry construction on an 8,750 square feet parcel in Arlington Heights, Wheeling Township, Cook County. The 54-year-old, class 2-34 residence per the Cook County Real Property Assessment Classification Ordinance contained air conditioning, an attached two-car garage, two bathrooms, and a partial basement.

The appellant pleads assessment inequity as the basis of the appeal, arguing that the subject improvement assessment should be reduced to \$13.31 per living square foot. To show subject assessment nonuniformity, the appellant presented information on four class 2-34 properties in the subject's neighborhood. These suggested comparables included a two-car garage, a partial basement, and air conditioning. The appellant's selections spanned 47 to 55 years in building age;

1,302 to 2,065 square feet in improvement area; and \$12.15 to \$13.99 per living square foot in improvement assessment.

The board of review countered that the subject improvement assessment of \$22,546, or \$18.48 per living square foot, was equitable in its “Notes on Appeal.” In defense of the \$32,171 total subject assessment, the county board of review introduced into evidence four multi-level improvements in the subject’s subarea as assessment comparables. The county board of review’s preferred comparators contained 1.5 to two bathrooms, a two-car garage, and a partial basement. These 55- or 56-year-old, 1,306 square-foot improvements were assessed between \$19.00 and \$20.13 per living square foot.

### **Conclusion of Law**

The taxpayer contends assessment inequity as the basis of the appeal. The Illinois Constitution requires real estate taxes “be levied uniformly by valuation ascertained as the General Assembly shall provide by law.” Ill. Const., art. IX, § 4 (1970); Walsh v. Property Tax Appeal Board, 181 Ill. 2d 228, 234 (1998). Yet this uniformity provision of the Illinois Constitution does not mandate absolute equality in taxation; instead, a reasonable degree of uniformity in the taxing authority’s assessments suffices. Peacock v. Property Tax Appeal Board, 339 Ill. App. 3d 1060, 1070 (4th Dist. 2003).

When unequal treatment in the assessment is the basis of a property tax appeal, the appellant must prove the inequity of the assessments by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e); Walsh, 181 Ill. 2d at 234 (1998). Clear and convincing evidence means more than a preponderance of the evidence, but it does not need to approach the degree of proof required for a criminal conviction. Bazyldo v. Volant, 164 Ill. 2d 207, 213 (1995). Proof of unequal treatment in the assessment process should comprise documentation for the year in question of similarly situated properties of compelling proximity to, and with a lack of distinguishing characteristics from, the assessment subject. 86 Ill.Admin.Code §1910.65(b). The Property Tax Appeal Board (PTAB) finds the appellant did not overcome this burden of proof.

In this record, board of review comparables #1 through #4 and appellant comparable #3 compared most favorably to the subject property and therefore provide the best evidence of assessment equity. The board of review comparables all included 86 more living square feet than the subject and were within a half bathroom and fireplace of the subject’s attributes. Similarly, appellant comparable #3 contained 82 more square feet than the subject improvement, though it traded one of the subject’s full bathrooms for a half bathroom. Given the properties in evidence, PTAB concludes the subject improvement would be lawfully assessed between \$13.82 and \$20.13 per living square foot, which the subject’s \$18.48 per improvement square foot assessment is. As such, PTAB finds the appellant did not prove assessment inequity by clear and convincing evidence or that a subject assessment reduction is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
