

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ramzi Hassan
DOCKET NO.: 24-39328.001-R-1
PARCEL NO.: 27-17-406-003-0000

The parties of record before the Property Tax Appeal Board are Ramzi Hassan, the appellant(s), by attorney Brian S. Maher, of Weis, DuBrock, Doody & Maher in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$7,969
IMPR.: \$60,053
TOTAL: \$68,022

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry construction with 3,852 square feet of living area. The dwelling was constructed in 2011. Features of the home include a full basement, central air conditioning, two fireplaces and a three-car garage. The property is in Orland Park, Orland Township, Cook County. The subject is classified as a class 2 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables. Each of the four appellant comparables are two-story frame and masonry material. They each have full basements, central air conditioning and at least one fireplace. The appellant comparables feature three full to three and a half bathrooms and a one or two car garage. The comparables range in size from 3,809 to 4,220 square feet of living area; and in improvement assessment from \$52,991

to \$59,907 or \$13.09 to \$15.09 per square foot of living space. The record is silent as to the comparables proximity to the subject property. The appellant is seeking a reduction in total assessment to \$62,899.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$68,022. The subject property has an improvement assessment of \$60,053 or \$15.59 per square foot of living area. In support of its contention of the correct assessment the board of review submitted information on three equity comparables. Each of the three board of review comparable properties are two-story of frame and masonry construction. They all feature full basements, central air conditioning, at least one fireplace and a three-car garage. Two have three and a half bathrooms, one has four full bathrooms. They range in size from 3,900 to 4,180 square feet of living area; and in improvement assessment from \$65,008 to \$66,644 or \$15.81 to \$16.80 per square foot of living area. They range from the same block to one quarter mile from the subject property. The board of review is asking for no change in assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant *did not meet* this burden of proof and a reduction in the subject's assessment *is not* warranted.

The Board finds the best evidence of assessment equity to be *board of review comparables one through three*. These comparables share reasonably similar features and are close in size and proximity to the subject property. The subject's improvement assessment of \$15.59 per square foot of living area falls below the range established by the best comparables in this record. Based on this record the Board finds the appellant *did not* demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment *is not* justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
