

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Blue Chair Capital, LLC
DOCKET NO.: 24-39357.001-R-1
PARCEL NO.: 25-09-306-059-0000

The parties of record before the Property Tax Appeal Board are Blue Chair Capital, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$2,873
IMPR.: \$7,127
TOTAL: \$10,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,078 square feet of living area. The dwelling was built in 1945 and is approximately 79 years old. Features include a full basement and a 2-car garage. The property has a 4,788 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables with the subject's assessment neighborhood. The comparables are improved with class 2-05 dwellings of frame exterior construction ranging in size from 1,016 to 1,200 square feet of living area. The homes are from 84 to 126 years old. Each comparable has a full basement. Three comparables each have a 1-car garage. The comparables have improvement

assessments ranging from \$4,550 to \$6,065 or from \$4.48 to \$5.92 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced to \$5,455.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,000. The subject property has an improvement assessment of \$7,127 or \$6.61 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-05 dwellings of frame exterior construction ranging in size from 1,078 to 1,280 square feet of living area. The homes range in age from 77 to 84 years old. One comparable has a full basement and three comparables each have a slab foundation. One comparable has central air conditioning. Three comparables each have a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$7,755 to \$27,127 or from \$7.13 to \$21.19 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board finds the parties' comparables have varying degrees of similarity to the subject in property characteristics. Nevertheless, the board gives less weight to the appellant's comparables #1, #2, and #3, as well as board of review comparable #1, which are less similar to the subject in dwelling size and/or age than other comparables in this record. The four remaining comparables are overall most similar to the subject in location, age, and dwelling size. However, one comparable has central air conditioning, unlike the subject, suggesting a downward adjustment would be necessary to make it more equivalent to the subject. Conversely, three comparables lack a basement foundation and/or a garage amenity, both of which are features of the subject, suggesting upward adjustments for these differences would be necessary to make them more equivalent to the subject. The four best comparables have improvement assessments ranging from \$6,065 to \$12,098 or from \$5.92 to \$11.22 per square foot of living area. The subject's improvement assessment of \$7,127 or \$6.61 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's improvement assessment based on inequity is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
