

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: SHELLEY J HALPER TRUST
DOCKET NO.: 24-39359.001-R-1
PARCEL NO.: 18-06-402-016-0000

The parties of record before the Property Tax Appeal Board (PTAB) are SHELLEY J HALPER TRUST, the appellant, by attorney Brian P. Liston, of the Law Offices of Liston & Tsantilis, P.C. in Chicago; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, PTAB hereby finds **A Reduction** in the Cook County Board of Review's assessment of the property is warranted. The correct assessed valuation of the property is:

LAND: \$21,560
IMPR.: \$118,440
TOTAL: \$140,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a Cook County Board of Review decision pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

A 5,524 square feet, multi-level building of cedar siding situated on a 19,600 square feet lot in Western Springs, Lyons Township, Cook County constitutes the subject property. The 109-year-old, owner-occupied residence included 4.5 bathrooms, central air conditioning, a three-car garage, a full basement, and a fireplace.

The appellant asserts overvaluation as the basis of the appeal. To demonstrate the assessment exceeded the subject's market value, the appellant submitted an appraisal that opined the market valued the subject at approximately \$1,345,000 as of January 1, 2023. Of the three accepted approaches to value, the appraisal developed only the sales comparison approach. The appraiser relied on four sales of suggested comparables within .97 miles of the subject property. The sales closed between July 2020 and June 2021 for amounts ranging from \$1,225,000 to \$1,387,500, or between \$240.21 and \$280.32 per square foot. Using the properties' listed characteristics, the

appraiser made up to a 5.9% net adjustment to the comparable sale prices to address differences between the comparable and subject improvements. The appraisal described real estate market forecasts for 2023 relative to 2022 market conditions. The trainee appraiser opined that the highest and best use of the improved property was its present use after a November 22, 2023 inspection.

The county board of review responded in its “Notes on Appeal” that the subject was correctly assessed at \$143,105. The subject’s assessment reflects a market value of \$1,431,050, or \$259.06 per square foot of living area when using the 10% Cook County level of assessment for class two properties. In defense of the assessment, the county board of review submitted information about two sales of purportedly comparable properties in the subject’s subdivision. The suggested comparable properties sold in December 2022 or December 2023 for \$1,295,000 and \$1,775,000, or \$291.67 and \$455.36 per square foot, respectively. The involved improvements were 96 or 98 years old and 4,440 or 3,898 square feet in area.

Conclusion of Law

The record shows that the Property Tax Appeal Board (PTAB) reduced the subject property assessment to \$140,000 for the 2023 assessment year in docket 23-51647.001-R-1. Because the 2024 tax year falls within the same triennial assessment period as 2023 for the Lyons Township, PTAB finds that the assessment for the 2023 tax year should be carried forward to 2024 subject only to equalization pursuant to section 16-185 of the Property Tax Code, which states in part:

If [PTAB] renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm’s length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which [PTAB]’s assessment is based, or unless the decision of [PTAB] is reversed or modified upon review.

35 ILCS 200/16-185. Applying the provisions of this section, PTAB finds that it issued a decision reducing the subject’s assessment for the 2023 tax year that has, to its knowledge, not been reversed or modified upon review. In this case, PTAB notes that the subject property was an owner-occupied residence, that 2023 and 2024 were in the same general assessment period for the instant township, and that no evidence suggests the subject was sold at less than fair cash value subsequent to PTAB’s decision for the 2023 tax year. For these reasons, PTAB finds that a reduction in the subject’s 2024 assessment is justified to reflect the \$140,000 total assessment as established in PTAB’s decision for the 2023 tax year, plus the application of an equalization factor, if any.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
