

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: David Golding
DOCKET NO.: 24-39691.001-R-1
PARCEL NO.: 04-36-100-034-0000

The parties of record before the Property Tax Appeal Board are David Golding, the appellant, by attorney Robert Rosenfeld of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,060
IMPR.: \$91,105
TOTAL: \$119,165

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame and masonry exterior construction with 4,455 square feet of living area. The dwelling is approximately 58 years old. The home features a full basement with finished area, central air conditioning, three full bathrooms, two half bathrooms, a fireplace and a two-car garage. The property has a 14,030 square foot site and is located in Glenview, Northfield Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables that have the same assessment neighborhood code and property classification code as the subject. The comparables are located approximately .2 to .7 of a mile from the subject property. The comparables are improved with two or more-story dwellings of masonry or frame

and masonry exterior construction ranging in size from 4,129 to 4,789 square feet of living area. The dwellings are from 21 to 62 years old. The comparables each have a full or partial basement. The appellant indicated in the grid analysis that the finished basement area is "n/a." Each comparable has central air conditioning, two or three full bathrooms, one or two additional half bathrooms, one or two fireplaces and a two-car garage. The comparables have improvement assessments that range from \$81,896 to \$86,593 or from \$17.10 to \$19.71 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced to \$82,462 or \$18.51 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$119,165. The subject property has an improvement assessment of \$91,105 or \$20.45 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables that have the same assessment neighborhood code as the subject property and are located within the same block as the subject or approximately ¼ of a mile from the subject property, one of which is also along the same street. The comparables are class 2-06 or class 2-08 properties that are improved with two-story dwellings of frame and masonry exterior construction ranging in size from 3,778 to 4,449 square feet of living area.¹ The dwellings are from 61 to 65 years old. The comparables each have a full basement with finished area, from two to four full bathrooms, one or two fireplaces and a two-car garage. Three comparables have central air conditioning and one comparable has an additional half bathroom. The comparables have improvement assessments that range from \$79,888 to \$92,628 or \$20.82 and \$22.25 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board has given less weight to the appellant's comparables #3 and #4 due to their considerably newer dwelling ages when compared to the subject. The Board has given reduced weight to board of review comparables #2 and #4 due to their smaller dwelling sizes when compared to the subject.

¹ The Cook County Real Property Assessment Classification Ordinance describes a class 2-06 property as a two or more-story residence, over 62 years of age, with 2,201 to 4,999 square feet and a class 2-08 property as a two or more-story residence, up to 62 years of age, with 3,801 to 4,999 square feet.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1 and #2, along with board of review comparables #1 and #3, which are similar to the subject in location, dwelling size and age. However, the Board finds the comparables have varying degrees of similarity when compared to the subject in features such as basement finish, central air conditioning, bathroom count and fireplace count, suggesting adjustments would be required to make the comparables more equivalent to the subject. Nevertheless, the comparables have improvement assessments ranging from \$81,400 to \$92,628 or from \$19.01 to \$20.82 per square foot of living area. The subject's improvement assessment of \$91,105 or \$20.45 per square foot of living area falls within the range of the best comparables in the record both in terms of total improvement assessment and on a per square foot of living area basis. After considering adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed.

The constitutional provision for uniformity of taxation and valuation does not require mathematical equality. A practical uniformity, rather than an absolute one, is the test. Apex Motor Fuel Co. v. Barrett, 20 Ill.2d 395 (1960). Although the comparables presented by the parties disclosed that properties located in the same area are not assessed at identical levels, all that the constitution requires is a practical uniformity, which appears to exist on the basis of the evidence presented.

Based on this record, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.

DISSENTING: _____

CERTIFICATION

As Clerk of the Illinois Property Tax Appeal Board and the keeper of the Records thereof, I do hereby certify that the foregoing is a true, full and complete Final Administrative Decision of the Illinois Property Tax Appeal Board issued this date in the above entitled appeal, now of record in this said office.

Date:

November 25, 2025

Clerk of the Property Tax Appeal Board

IMPORTANT NOTICE

Section 16-185 of the Property Tax Code provides in part:

"If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel after the deadline for filing complaints with the Board of Review or after adjournment of the session of the Board of Review at which assessments for the subsequent year or years of the same general assessment period, as provided in Sections 9-125 through 9-225, are being considered, the taxpayer may, within 30 days after the date of written notice of the Property Tax Appeal Board's decision, appeal the assessment for such subsequent year or years directly to the Property Tax Appeal Board."

In order to comply with the above provision, YOU MUST FILE A PETITION AND EVIDENCE WITH THE PROPERTY TAX APPEAL BOARD WITHIN 30 DAYS OF THE DATE OF THE ENCLOSED DECISION IN ORDER TO APPEAL THE ASSESSMENT OF THE PROPERTY FOR THE SUBSEQUENT YEAR OR YEARS. A separate petition and evidence must be filed for each of the remaining years of the general assessment period.

Based upon the issuance of a lowered assessment by the Property Tax Appeal Board, the refund of paid property taxes is the responsibility of your County Treasurer. Please contact that office with any questions you may have regarding the refund of paid property taxes.
