

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Arianna Calderon
DOCKET NO.: 24-40063.001-R-1
PARCEL NO.: 24-23-400-015-0000

The parties of record before the Property Tax Appeal Board are Arianna Calderon, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,250
IMPR.: \$28,750
TOTAL: \$35,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of frame and masonry exterior construction with 2,090 square feet of living area. The home was built in 1945 and is approximately 79 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 5,000 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-04 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1.5-story, class 2-04 dwellings of frame exterior construction ranging in size from 1,827 to 2,377 square feet of living area. The homes are from 102 to 111 years old. Each

comparable has a full or partial basement and central air conditioning. One comparable has one fireplace. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$22,629 to \$29,063 or from \$12.09 to \$12.39 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced to \$25,561.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$35,000. The subject property has an improvement assessment of \$28,750 or \$13.76 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1.5-story, class 2-04 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 1,862 to 2,048 square feet of living area. The homes are from 73 to 102 years old. Each comparable has a full or partial basement, two of which have finished area, central air conditioning, and a 2-car or a 2.5-car garage. Two comparables each have one fireplace. The comparables have improvement assessments ranging from \$25,790 to \$30,650 or from \$13.85 to \$14.97 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, as well as board of view comparables #3 and #4, which are less similar to the subject in age than the other comparables in this record and/or lack a garage amenity, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #2 which are overall more similar to the subject in location, design/class, age, dwelling size, and other features. The two best comparables have improvement assessments of \$27,750 and \$30,650 or \$14.74 and \$14.97 per square foot of living area, respectively. The subject's improvement assessment of \$28,750 or \$13.76 per square foot of living area is bracketed by the two best comparables in this record on an overall basis and falls below them on a per square foot basis. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
