FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Oscar Campos
DOCKET NO.: 24-40075.001-R-1
PARCEL NO.: 19-26-300-008-0000

The parties of record before the Property Tax Appeal Board are Oscar Campos, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***A Reduction*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$2,474
IMPR.:	$17,000
TOTAL:	$19,474

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 1,277 square feet of living area. The dwelling was built in 1961 and is approximately 63 years old. Features include a slab foundation and a 2-car garage. The property has a 4,124 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 homes of frame exterior construction ranging in size from 1,152 to 1,277 square feet of living area. The dwellings are from 53 to 71 years old. Each comparable has a slab foundation. Three comparables each have a 1-car garage. The

comparables have improvement assessments ranging from $12,488 to $16,660 or from $10.84 to $13.19 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to $15,707.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $20,000. The subject property has an improvement assessment of $17,526 or $13.72 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1-story, class 2-03 homes of frame exterior construction ranging in size from 1,054 to 1,120 square feet of living area. The dwellings are from 59 to 72 years old. Two comparables each have a full basement and two comparables each have a slab foundation. Each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from $16,817 to $17,576 or from $15.54 to $16.54 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains eight equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #3 and the board of review comparables, due to differences relative to the subject dwelling size, foundation type, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #4 which are overall most similar to the subject in location, design/class, age, dwelling size, and other features. The best comparables have improvement assessments ranging from $12,488 to $16,350 or from $10.84 to $13.19 per square foot of living area. The subject's improvement assessment of $17,526 or $13.72 per square foot of living area falls above the range established by the best comparables in this record and appears to be excessive. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
