

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mark Feeney
DOCKET NO.: 24-40129.001-R-1
PARCEL NO.: 25-07-107-016-0000

The parties of record before the Property Tax Appeal Board are Mark Feeney, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$9,688
IMPR.: \$26,313
TOTAL: \$36,001

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1.5-story dwelling of masonry exterior construction with 1,697 square feet of living area. The dwelling was built in 1918 and is approximately 106 years old. Features include a full basement, central air conditioning, one fireplace, and a 2-car garage. The property has a 6,250 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-03 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity regarding the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and from 0.2 of a mile to 1.1 miles from the subject property. The comparables are improved with 1-story, class 2-03 homes of masonry exterior construction ranging in size from 1,557 to 1,792 square feet of living area.

The dwellings are from 68 to 101 years old. Each comparable has a full basement, central air conditioning, and a 2-car garage. Three comparables each have one or two fireplaces. The comparables have improvement assessments ranging from \$22,050 to \$26,842 or from \$13.97 to \$14.98 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$36,001. The subject property has an improvement assessment of \$26,313 or \$15.51 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 1.5-story, class 2-03 homes of masonry exterior construction ranging in size from 1,530 to 1,769 square feet of living area. The dwellings are from 100 to 105 years old. Each comparable has a full basement and a 2-car garage. Two comparables each have central air conditioning. Three comparables each have one fireplace. The comparables have improvement assessments ranging from \$26,313 to \$33,313 or from \$15.51 to \$21.77 per square foot of living area. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, as well as board of review comparables #2 and #3, due to differences relative to the subject in design, central air conditioning, and/or age.

The Board finds the best evidence of assessment equity to be board of review comparables #1 and #4 which are overall most similar, if not identical, to the subject in location, design/class, age, dwelling size, and other features. The two best comparables have improvement assessments of \$26,313 and \$31,312 or \$15.51 and \$17.70 per square foot of living area, respectively. The subject's improvement assessment of \$26,313 or \$15.51 per square foot of living area which is equal to the improvement assessment of board of review comparable #1. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
