FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Alberto Flores
DOCKET NO.: 24-40144.001-R-1
PARCEL NO.: 19-19-115-041-0000

The parties of record before the Property Tax Appeal Board are Alberto Flores, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***No Change*** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	$5,992
IMPR.:	$41,008
TOTAL:	$47,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of masonry exterior construction with 2,352 square feet of living area. The dwelling was built in 2006 and is approximately 18 years old. Features include a full basement, central air conditioning, and a 2-car garage. The property has a 4,280 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-78 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of masonry or frame and masonry exterior construction ranging from 2,160 to 2,352 square feet of living area. The homes are from 17 to

27 years old. Each comparable has a full or partial basement and central air conditioning. Two comparables each have two fireplaces. Three comparables each have a 1.5-car or a 2-car garage. The comparables have improvement assessments ranging from $36,414 to $40,404 or from $16.24 to $17.18 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of $47,000. The subject property has an improvement assessment of $41,008 or $17.44 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-78 dwellings of masonry exterior construction with each having 2,352 square feet of living area. The homes are from 14 to 19 years old. Each comparable has a full basement, two of which have finished area, central air conditioning, and a 2-car garage. The comparables have improvement assessments ranging from $41,406 to $44,403 or from $17.60 to $18.88 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 which lacks a garage amenity, which is a feature of the subject.

The Board finds the best evidence of assessment equity to be the three remaining appellant comparables and the board of review comparables which are overall more similar, if not identical, to the subject in location, design/class, age, dwelling size, and features. The best comparables have improvement assessments ranging from $36,414 to $44,403 or from $16.24 to $18.88 per square foot of living area. The subject's improvement assessment of $41,008 or $17.44 per square foot of living area falls within the range established by the best comparables in this record. After considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
