

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: IL Development Inc
DOCKET NO.: 24-40149.001-R-1
PARCEL NO.: 25-06-408-008-0000

The parties of record before the Property Tax Appeal Board are IL Development Inc, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,453
IMPR.: \$6,547
TOTAL: \$11,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of frame exterior construction with 896 square feet of living area. The home was built in 1921, is approximately 103 years old, and features include a slab foundation. The property has a 4,687 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood and either 1.5 or 1.6 miles from the subject property. The comparables are improved with 1-story, class 2-02 dwellings of frame exterior construction ranging in size from 720 to 989 square feet of living area. The comparables are from 69 to 80 years old. Each comparable has a slab foundation. The

comparables have improvement assessments ranging from \$3,826 to \$5,919 or from \$5.31 to \$6.52 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$11,000. The subject property has an improvement assessment of \$6,547 or \$7.31 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four equity comparables located within the subject's assessment neighborhood and ¼ of a mile from the subject property. The comparables are improved with 1-story, class 2-02 dwellings of frame or masonry exterior construction ranging in size from 806 to 876 square feet of living area. The comparables are from 99 to 132 years old. Two comparables each have a full basement and two comparables each have a slab foundation. One comparable has one fireplace. Two comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$6,838 to \$15,877 or from \$8.14 to \$18.12 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested comparables for the Board's consideration. The Board gives less weight to the appellant's comparables which are located 1.5 miles or more from the subject property, less proximate than the other comparables in this record, and also present additional differences from the subject in age and/or dwelling size. The Board also gives less weight to board of review comparables #1 and #2 which both have garage amenity, which the subject lacks.

The Board finds the best evidence of assessment equity to be board of review comparables #3 and #4 which are overall most similar to the subject location, design/class, age, dwelling, and features. The two best comparables have improvement assessments of \$6,838 and \$15,877 or \$8.14 and \$18.12 per square foot of living area. The subject's improvement assessment of \$6,547 or \$7.31 per square foot of living area falls below the two best comparables in this record. After considering appropriate adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
