

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: IL Development Inc
DOCKET NO.: 24-40167.001-R-1
PARCEL NO.: 25-09-319-023-0000

The parties of record before the Property Tax Appeal Board are IL Development Inc, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$3,750
IMPR.: \$6,250
TOTAL: \$10,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame exterior construction with 1,674 square feet of living area. The dwelling was constructed in 1888, is approximately 136 years old, and features include a full basement. The property has a 6,250 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-05 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four comparables located within the subject's assessment neighborhood and from 0.1 of a mile to 1.4 miles from the subject property. The comparables are improved with class 2-05 dwellings of frame exterior construction ranging in size from 1,425 to 1,896 square feet of living area. The dwellings are from 135 to 139 years old. Each comparable has a full basement. Two comparables each have a

1-car or a 2-car garage. The comparables have improvement assessments ranging from \$3,798 to \$6,250 or from \$2.67 to \$3.30 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$10,000. The subject property has an improvement assessment of \$6,250 or \$3.73 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on four comparables located within the subject's assessment neighborhood and on the same assessment block or ¼ of a mile from the subject property. The comparables are improved with 2-story, class 2-05 dwellings of frame exterior construction ranging in size from 1,404 to 2,010 square feet of living area. The dwellings are from 122 to 157 years old. Three comparables each have a full or partial basement and one comparable has a crawl space foundation. Two comparables each have one fireplace. Two comparables each have a 2-car or a 3-car garage. The comparables have improvement assessments ranging from \$6,250 to \$13,000 or from \$4.34 to \$6.47 per square foot of living area. The board of review asserts the assessed values per square foot for the submitted comparables support the subject's assessed value as equitable.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin. Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #3, as well as board of review comparables #1, #2 and #4, due to differences relative to the subject in location, dwelling size, foundation type, and/or garage amenity.

The Board finds the best evidence of assessment equity to be the appellant's comparable #4 and board of review comparable #3 which are overall most similar to the subject in location, classification, age, dwelling size, and features. The two best comparables have improvement assessments of \$6,250 and \$8,250 or \$3.30 and \$4.53 per square foot of living area, respectively. The subject's improvement assessment of \$6,250 or \$3.73 per square foot of living area is equal to the appellant's comparable #4 on an overall improvement assessment basis and is bracketed by the two best comparables on a per square foot basis. After considering adjustments to the two best comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
