

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Chelsea Marie Poulos
DOCKET NO.: 24-40470.001-R-1
PARCEL NO.: 27-30-417-021-0000

The parties of record before the Property Tax Appeal Board are Chelsea Marie Poulos, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,646
IMPR.: \$30,354
TOTAL: \$32,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 2,128 square feet of living area. The dwelling is approximately 32 years old. The home features a full unfinished basement, 2½ bathrooms, central air conditioning and a 2-car garage. The property has a 2,351 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-95 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on five comparables located within the subject's assessment neighborhood and within .14 of a mile from the subject property. The comparables are improved with class 2-95, 2-story dwellings of frame and masonry exterior construction ranging in size from 2,001 to 2,078 square feet of living area. The

dwellings are 32 or 34 years old. Each comparable has a partial or a full unfinished basement, 2½ or 3 bathrooms, central air conditioning and a 2-car garage. The comparables have improvement assessment ranging from \$27,573 to \$ 28,661 or from \$13.68 \$ to 13.95 per square foot of living area. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment to \$29,345 or \$13.79 per square foot of living area.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,000. The subject property has an improvement assessment of \$30,354 or \$14.26 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four comparables located within the subject's assessment neighborhood and within approximately ¼ of a mile from the subject property. The comparables are improved with class 2-95, 2-story dwellings of frame and masonry exterior construction containing either 2,016 or 2,078 square feet of living area. The dwellings are 33 or 35 years old. Each comparable has a partial unfinished basement, 2½ bathrooms, central air conditioning and a 2-car garage. The comparables have improvement assessment ranging from \$28,767 to \$30,033 or from \$14.27 to \$14.47 per square foot of living area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The taxpayer contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine equity comparables for the Board's consideration. The Board finds all of the parties comparables are relatively similar in overall property characteristics to the subject property. Both parties' comparables have improvement assessments that range from \$27,573 to \$30,033 or from \$13.68 to \$14.47 per square foot of living area. The subject's improvement assessment of \$30,354 or \$14.26 per square foot of living area falls slightly above the improvement assessments of all nine comparables in the record on an overall basis and slightly below on a per-square-foot basis which is logical given the subject's slightly larger dwelling size. Based on this record, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
