

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Bruce Parisi  
DOCKET NO.: 24-40477.001-R-1  
PARCEL NO.: 25-18-308-020-0000

The parties of record before the Property Tax Appeal Board are Bruce Parisi, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,680  
**IMPR.:** \$51,320  
**TOTAL:** \$74,000

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story dwelling of masonry exterior construction with 3,865 square feet of living area. The dwelling was built in 1931 and is approximately 93 years old. Features include a full basement with finished area, one fireplace, and a 3-car garage. The property has an 18,900 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-06 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant content assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-06 dwellings of frame, masonry, or frame and masonry exterior construction ranging in size from 3,087 to 4,520 square feet of living area. The homes are 108 to

122 years old. Three comparables each have a full or partial basement and one comparable has a slab foundation. Two comparables each have one fireplace. Each comparable has a 1-car or a 2-car garage. The comparables have improvement assessments ranging from \$35,000 to \$47,400 or from \$10.09 to \$12.36 per square foot of living area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$74,000. The subject property has an improvement assessment of \$51,320 or \$13.28 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the subject's assessment neighborhood. The comparables are improved with 2-story, class 2-06 dwellings of masonry exterior construction ranging in size from 3,532 to 4,050 square feet of living area. The homes are from 95 to 109 years old. Each comparable has a full basement, two of which have finished area, one or two fireplaces, and from a 1.5-car to a 2.5-car garage. One comparable has central air conditioning. The comparables have improvement assessments ranging from \$53,072 to \$57,040 or from \$13.48 to \$16.15 per square foot of living area. Based on this evidence, the board of review requested the assessment be confirmed.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity, and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted seven suggested equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, and #3, as well as board of review comparable #1, due to differences when compared to the subject in dwelling size, central air conditioning, and/or foundation type.

The Board finds the best evidence of assessment equity to be the appellant's comparable #2, as well as board of review comparables #2 and #3, which are overall more similar to the subject in location, design/class, age, dwelling size, foundation, and other features. The best comparables have improvement assessments ranging from \$47,400 to \$55,560 or from \$12.36 to \$13.72 per square foot of living area. The subject's improvement assessment of \$51,320 or \$13.28 per square foot of living area falls within the range established by the best comparables in this record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
