

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Hangs LLC
DOCKET NO.: 24-40507.001-R-1
PARCEL NO.: 27-24-310-021-0000

The parties of record before the Property Tax Appeal Board are Hangs LLC, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$6,430
IMPR.: \$43,139
TOTAL: \$49,569

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story multi-family building of masonry exterior construction with 4,140 square feet of gross building area. The building is approximately 47 years old. Features of the building include a slab foundation and 4 full bathrooms. The property has a 10,716 square foot site and is located in Tinley Park, Orland Township, Cook County. The subject is classified as a class 2-11 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument the appellant submitted information on seven comparables located within the subject's assessment neighborhood and within 0.14 of a mile from the subject. The comparables consist of class 2-11, 2-story or 3-story or more multi-family buildings of masonry exterior construction ranging in size from 4,183 to 4,965 square feet of gross building

area. The buildings are from 32 to 46 years old. Six comparables each have a slab foundation, and one comparable has a full basement with an apartment. The buildings have 3, 4 or 6 full bathrooms with three having from 1 to 3 additional half bathrooms. Five comparables have either a 2-car or a 4-car garage. The comparables have improvement assessments that range from \$42,374 to \$50,047 or from \$9.73 to \$10.26 per square foot of gross building area. Based on this evidence, the appellant requested the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$49,569. The subject property has an improvement assessment of \$43,139 or \$10.42 per square foot of gross building area.

In support of its contention of the correct assessment the board of review submitted information on four comparables, two of which are located within the same assessment neighborhood and block as the subject property. The comparables consist of class 2-11, 2-story or 3-story multi-family buildings of masonry exterior construction ranging in size from 2,830 to 6,199 square feet of gross building area. The buildings are from 46 to 54 years old. One comparable has a slab foundation, and three comparables have either a partial basement or a full basement finished with an apartment. The buildings have 3, 4 or 6 full bathrooms with three having 1 or 2 additional half bathrooms. One comparable has central air conditioning. The comparables have improvement assessments that range from \$35,570 to \$67,597 or from \$10.90 to \$13.11 per square foot of gross building area. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eleven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #3, #4, #5 and #7 as well as the board of review's comparables which are less similar to the subject in dwelling size, age and/or foundation type than the other comparables in the record. Furthermore, two of the board of review's comparable are located within a different assessment neighborhood than the subject property.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2 and #4 which are located within the subject's assessment neighborhood and are also overall most similar to the subject in age, dwelling size, foundation type and most features. These three comparables have improvement assessments that range from \$42,374 to \$43,570 or from \$10.03 to \$10.26 per square foot of gross building area. The subject's improvement assessment of \$43,139 or \$10.42 per square foot of gross building area falls within the range established the best comparables in the record on an overall basis and somewhat above the range on a per-

square-foot basis. After considering the adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
