

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Muhannad Abdelmajid
DOCKET NO.: 24-40515.001-R-1
PARCEL NO.: 27-02-201-050-0000

The parties of record before the Property Tax Appeal Board are Muhannad Abdelmajid, the appellant, by attorney George N. Reveliotis, of Reveliotis Law, P.C. in Park Ridge; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **a reduction** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,276
IMPR.: \$38,000
TOTAL: \$49,276

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,916 square feet of living area. The dwelling is approximately 35 years old. Features of the home include a partial unfinished basement, central air conditioning and a 3-car garage. The property has a 15,035 square foot site and is located in Orland Park, Orland Township, Cook County. The subject is classified as a class 2-08 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of the improvement assessment inequity argument, the appellant submitted information on seven comparables located within the subject's assessment neighborhood and within 0.18 of a mile from the subject. The comparables consist of class 2-08 or 2-78, 2-story dwellings of masonry or frame and masonry exterior construction ranging in size from 3,610 to

4,800 square feet of living area. The dwellings are from 30 to 39 years old. Each comparable has a partial or a full unfinished basement, central air conditioning and either a 2-car, a 2½-car or a 3-car garage. The comparables have improvement assessments ranging from \$33,750 to \$45,491 or from \$8.20 to \$10.46 per square foot of living area. Based on this evidence, the appellant requested that the subject's improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$54,704. The subject property has an improvement assessment of \$43,428 or \$11.09 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted information on one comparable located within the same assessment neighborhood and within ¼ of a mile from the subject. The comparable consists of a class 2-08, 2-story dwellings of frame and masonry exterior construction containing 3,862 square feet of living area and is 24 years old. The comparable has a full unfinished basement, central air conditioning and a 3-car garage. The comparable has an improvement assessment of \$48,275 or \$12.50 per square foot of living area. Based on the foregoing evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted eight comparable properties for the Board's consideration. The Board gives less weight to the appellant's comparable #4 and the board of review comparable #1 which are less similar to the subject in their larger dwelling size or newer age than the other comparables in the record.

The Board finds the best evidence of assessment equity to be the appellant's remaining comparables which are overall most similar to the subject in location, age, dwelling size, and most features. These six comparables have improvement assessments ranging from \$33,750 to \$38,535 or from \$8.20 to \$10.46 per square foot of living area. The subject's improvement assessment of \$43,428 or \$11.09 falls above the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
