

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Commercial Acquisitions, LLC
DOCKET NO.: 24-40605.001-R-1
PARCEL NO.: 19-04-421-002-0000

The parties of record before the Property Tax Appeal Board are Commercial Acquisitions, LLC, the appellant, by attorney Robert Rosenfeld, of Robert H. Rosenfeld & Associates, LLC in Northbrook; and the Cook County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Cook** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$4,536
IMPR.: \$16,464
TOTAL: \$21,000

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Cook County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2024 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of masonry exterior construction with 912 square feet of living area. The home was built in 1965 and is approximately 59 years old. Features include a slab foundation and central air conditioning. The property has a 3,780 square foot site and is located in Chicago, Lake Township, Cook County. The subject is classified as a class 2-02 property under the Cook County Real Property Assessment Classification Ordinance.

The appellant contends assessment inequity with respect to the improvement as the basis of the appeal. In support of this argument, the appellant submitted information on four equity comparables located within the subject's assessment neighborhood, three of which are located on the same tax block as the subject property. The comparables are improved with 1-story, class 2-02 dwellings of masonry exterior construction ranging in size from 912 to 967 square feet of living area. The comparables are from 62 to 69 years old. Two comparables each have a crawl

space foundation and two comparables each have a full basement. Each comparable has central air conditioning. Three comparables each have a 2-car garage. The comparables have improvement assessments ranging from \$15,390 to \$16,464 or from \$15.92 to \$17.59 per square foot of living area. Based on this evidence, the appellant requested that the improvement assessment be reduced.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$21,000. The subject property has an improvement assessment of \$16,464 or \$18.05 per square foot of living area.

In support of its contention of the correct assessment, the board of review submitted two grid analyses with information on eight equity comparables located within the subject's assessment neighborhood and on the same tax block as the subject property. For clarity in the record, the comparables on the second grid were renumbered as #5 through #8. The comparables are improved with 1-story, class 2-02 dwellings of masonry or frame and masonry exterior construction with either 912 or 936 square feet of living area. The comparables are from 63 to 70 years old. Two comparables each have a full basement and six comparables each have a slab or crawl space foundation. Four comparables each have central air conditioning. Seven comparables each have a 2-car or a 2.5-car garage. The comparables have improvement assessments of either \$16,464 or \$17,464 and \$18.05 or \$18.66 per square foot of living area. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted twelve suggested equity comparables for the Board's consideration. The Board finds the parties comparables to be similar, if not identical, to the subject in location, design/class, age, and dwelling size with varying degrees of similarity in other features. The parties' comparables have improvement assessments ranging from \$15,390 to \$17,464 or from \$15.92 to \$18.66 per square foot of living area. The subject's improvement assessment of \$16,464 or \$18.05 per square foot of living area falls within the range established by the comparables in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
